SUBJECT: Annual Audit Agreements

Please return the enclosed Independent Auditor Selection Form for 2022-2023 to this office by **March 17, 2023**. If we do not have an agreement on file and a response is not received from your district by **March 24, 2023**, we will presume the district wants the Tulare County Office of Education to provide an auditor and we will begin the selection process at that time.

Education Code section 41020/84040 requires school districts and community college districts to contract for an audit of their books and accounts by April 1 each year. The same code sections require the County Superintendent to provide an auditor for K-12 districts (or the Board of Governors for community college) that fail to contract with an audit firm by April 1. Education Code section 41020(f)(2) also states that it is unlawful for a public accounting firm to provide audit services if the lead audit partner has performed audit services to the district in each of the six previous fiscal years.

As you develop and enter into an agreement with your auditor, we recommend that you look for and consider how your agreement or auditor-provided engagement letter addresses the items on the attached list. If you have concerns regarding language or provisions in your agreement, you should run them by legal counsel.

The enclosed Independent Auditor Selection Form must be submitted to this office each year. If your district is entering into a <u>yearly</u> agreement or a <u>new</u> multi-year agreement, please forward a copy of the agreement to this office. If you are in the 2nd or 3rd year of a multi-year agreement you do not need to send a copy of the agreement, return the selection form only.

Thank you for your attention to this matter.

REVIEW OF FIRST PERIOD INTERIM REPORT, 2022-23 SUBJECT:

Dear Mark:

The county office has reviewed the 2022-23 First Period Interim Report of the Pleasant View School District and will be able to certify to the California Department of Education that the district has submitted a positive report for the period ending October 31, 2022.

We find that these documents reflect a satisfactory fiscal position and indicate the district will be able to meet its financial obligations during this fiscal year and the two subsequent years as certified by your governing board. We thank you for the timely filing of your Interim Report with our office. The efforts of your staff in the preparation and submission of this report along with the supporting documentation is appreciated.

Please read our attached addendum for further comments and recommendations.

If you have any concerns or questions about this review, our comments, or recommendations, please do not hesitate to call at 733-6474.

Sincerely.

BACKGROUND

Our review of the district's 2022-23 First Period Interim Report and the comments included are based on information the district had available at the time the Interim Report was prepared. The Governor's budget for 2023-24 proposes to preserve investments made during unexpected rapid economic growth experienced during the global pandemic. The State economy has recovered from the COVID-19 pandemic; however, due to a recent economic slow down the State is facing an estimated budget gap of \$22.5 billion. This budget deficit is addressed in the Governor's budget proposal by utilizing funding delays, shifts, and some reductions with the goal of maintaining the majority of programs the Governor has put in place over the past few years.

Of most significance is the Governor's proposal to allocate roughly \$5 billion in Prop 98 funding to fund a statutory cost of living adjustment (COLA) of 8.13% in 2023-24. Included in this \$5 billion investment is the introduction of an LCFF Equity Multiplier. This additional LCFF add-on is intended to be allocated to high-poverty schools to fund additional services and support directly to students. It is important to note that in order to fund the 2022-23 and 2023-24 LCFF COLAs, the Governor's proposed budget includes a reduction of \$1.2 billion to the Arts, Music, and Instructional Materials Discretionary Block Grant. Justification for this grant reduction includes introduction of an additional \$941 million in the form of the Arts and Music in Schools – Funding Guarantee and Accountability Act (Proposition 28) that was passed by California voters in the November 2022 election. Proposition 28 funding will be allocated to districts with the statutory requirement of increasing arts instruction and/or arts programs.

The Governor's estimated COLA would also be applied to other education programs funded outside of the LCFF including Special Education, Child Nutrition, State Preschool, Foster Youth, Mandated Block Grant, and the Adult in Correctional Facilities Program. The 2023-24 budget proposal also includes significant investments in categorical programs many of which were introduced as part of the 2022 Budget Act:

- \$690 million Prop 98 funding to implement the second year of Transitional Kindergarten;
- \$64.5 million in Prop 98 and \$51.8 million in General Fund funding to continue a multi-year plan for inclusivity adjustments to the State Preschool Program;
- \$500 million in General Fund funding to support the Full-Day Kindergarten Facility Program;
- \$2.1 billion in General Fund funding to support the State Facilities Program;
- \$250 million one-time Prop 98 funding to build upon the existing Literacy Coaches and Reading Specialist Grant Program;
- \$4 billion in on-going Prop 98 funding for the Expanded Learning Opportunities Program;
- \$650 million in on-going Prop-98 funding to fund the Universal Meals Program.

Supplementing anticipated funding proposed for schools is the significant amount of federal funding districts have received in the past couple of years to mitigate impacts caused by the COVID-19 pandemic. This includes the \$900 billion Coronavirus Response and Relief Supplemental Appropriations Act signed into law December 27, 2020 and \$1.9 trillion American Rescue Plan signed into law on March 11, 2021. Both of these acts included significant amounts of funding for education earmarked to assist schools in reopening and address the multitude of new costs incurred by schools attributable to the COVID-19 pandemic.

The Department of Finance recognizes that in spite of a global public health crisis the State's economic recovery has outperformed expectations. However, going forward we are faced with a higher risk of recession as the economy softens and the federal government continues to aggressively respond to inflation by increasing the federal interest rate. It is important to note that the Governor's 2023-24 budget proposal does not include a recession scenario and, although the Governor is not projecting a withdrawal from State reserves conditions can quickly change in between January and the May Revise. Recessionary pressures combined with risks unique to California including emergency preparedness costs due to wildfires, affordable housing woes, state-wide declining enrollment and reliance on significant one-time federal funding point to the importance of districts exercising fiscal prudence even when times are good.

LOCAL CONTINTUITY AND ATTENANCE PLAN

It is important to note that the Local Control Accountability Plan (LCAP) document will resume as the main accountability document for K-12 education for the foreseeable future and there continues to be a growing emphasis on accountability measures. The 2021 Budget Act included language that requires districts to maintain supplemental and concentration grant funds to increase and improve services to unduplicated pupils until the funds are fully spent. This provision effectively disallows supplemental and concentration dollars from being carried over in an unrestricted fashion from one year to the next. This provision will be especially challenging for those districts that are falling short of meeting their minimum proportionality requirement.

In addition to the supplemental and concentration grant carryover provision, the 2021 Budget Act also increased the concentration grant percentage from 55% to 65%. The funding associated with this "add-on" must be used to increase the number of adults providing direct services to students. There has been a prompt added to the LCAP template whereby districts must describe how the additional concentration grant add-on funding will be used to increase the number of staff providing direct services at schools that have a high concentration of unduplicated students. This is an on-going accountability measure that will require tracking of how these concentration add-on funds are being spent.

Lastly, due to the passage of AB1808 in 2018 the LCAP template now incorporates a section titled "Budget Overview for Parents" which is intended to help stakeholders better understand funding decisions included in the LCAP. This bill takes an additional step towards increasing transparency over those additional supplemental and concentration dollars generated by unduplicated students. The Budgeted Overview for Parents is intended to help stakeholders better understand funding decisions included in the associated LCAP.

RETIREMENT COSTS

The Governmental Accounting Standards Board Statement No. 68 (GASB 68) reporting requirements took effect for the 2014-15 financial statements for State and local government employers. Districts now need to recognize their proportionate share of the net pension liability (NPL) for both CalSTRS and CalPERS retirees in their accrual based financial statements (Audit Reports).

The CalPERS Board adopted changes to the actuarial assumptions that became effective June 30, 2015. The changes result in a projected increase to the employer contribution rates for 2015-16 and for the following five years. The CalPERS Circular Letter 200-012-14 dated March 10, 2014 provided projected rates for 2014-15 through 2020-21 which were subsequently modified as shown below. Both the CalPERS and CalSTRS rates shown for 2019-20 and 2020-21 include the subsidy provided as part of the passage of AB84 on April 21, 2020 and rate offset included in the 2021 State Budget.

		CalPERS Actual	and Projected Rates		
2017-18 Actual	2018-19 Actual	2019-20 Actual	2020-21 Actual	2021-22 Actual	2022-23 Actual
15.531%	18.062%	19.721%	20.70%	22.91%	25.37%

Likewise, Assembly Bill 1469 increased the contribution rates that employers, employees and the state pay to support the State Teachers Retirement System. Employer rates will continued to increase until 2020-21. Thereafter, the STRS employer rate is set by the CalSTRS board.

CalSTRS Rates per Education Code Sections 22901.7 and 22950.5 2017-18 Actual 2018-19 Actual 2019-20 Actual 2020-21 Actual 2021-22 Actual 2022-23 Actual 2017-18 Actual 2019-20 Actual 2020-21 Actual 2021-22 Actual 2022-23 Actual						
2017-18 Actual	2018-19 Actual	2019-20 Actual	2020-21 Actual	2021-22 Actual	2022-23 Actual	
14.43%	16.28%	17.10%	16.15%	16.92%	19.10%	

Districts should be cognizant about including the PERS and STRS rate increases projected in 2022-23 as all rate offsets we've experienced in previously adopted State budgets have expired.

RESERVES

Reserve Caps – Our office continues to reinforce the need for reserves over the state minimum reserve requirements. Past experience has clearly demonstrated these minimum levels are not sufficient to protect educational programs from severe disruption in an economic downturn. The typical 3% reserve minimum represents less than two weeks of payroll for nearly all districts. Many LEAs have established reserve policies calling for higher than state minimum reserves, recognizing their duty to maintain fiscal solvency.

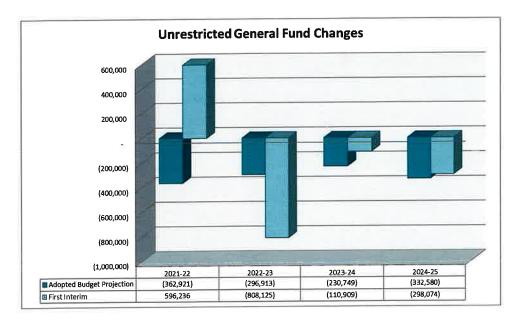

In October 2017 the Governor signed Senate Bill 751 which made significant changes to the previous Senate Bill 858 reserve cap requirements. These changes became effective January 1, 2018. The cap now allows for 10% of assigned or unassigned ending balances on a more limited number of district funds. It also exempts districts with fewer than 2,501 average daily attendance from the cap requirement.

The provisions of SB 751 are not imposed until the year after funds in the Public School System Stabilization Account (PSSSA) equals or exceeds 3% of Proposition 98 funding for school districts. The 2023-24 Governor's Budget proposal includes payments of \$3.7 billion in 2021-22, \$1.1 billion in 2022-23 and \$365 million in 2023-24 into PSSSA, for a total of \$8.5 billion at the end of 2023-24. This will trigger the school district reserves cap for the foreseeable future. It is recommended that districts impacted by the reserve cap take board action to commit funds for a specific purpose so they are not subject to the reserve cap.

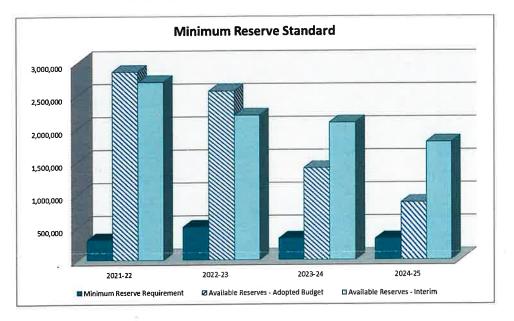

Full Accrual Financial Position - As audit reports have begun to recognize long-term pension obligations under GASB 68, districts find their annual audit report may reflect a negative unrestricted balance on their Statement of Net Position. Beginning with fiscal year 2017-18, district audit reports will also reflect the full impact of long-term commitments for Other Post-Employment Benefits (Retiree health plans) under GASB 75. This will further reduce a district's unrestricted net position. This will likely result in public concern over the fiscal management of the school district and higher costs associated with long-term financing. We encourage districts to review and understand their district's unrestricted net position upon receipt of the district's audited financial statements for 2021-22 in case questioned.

LOCAL CONTROL FUNDING FORMULA PROJECTIONS

Below is a comparison of the district's adopted budget and the current interim's anticipated change in the unrestricted general fund balance. The differences primarily represent an updated beginning balance for the year, changes in state LCFF estimates and changes in district provided ADA estimates.

The next graph presents the district's 2022-23 First Interim reserve status compared with the original adopted budget and state minimum reserve requirement.

COMMENTS AND RECOMMENDATIONS

1

This section of our letter lists comments and recommendations we consider appropriate as a result of our review and current state budget projections.

- The district is projecting current and future reserves that reflect a sound fiscal position. We commend the district for maintaining a secure financial position.
- There are no additional comments or recommendations.

PLEASANT VIEW SCHOOL DISTRICT Management's Discussion and Analysis (MD&A) June 30, 2022

INTRODUCTION

Our discussion and analysis of Pleasant View School District (District) financial performance provides an overview of the District's financial activities for the year ended June 30, 2022. It should be read in conjunction with the District's financial statements, which follow this section.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, issued June 1999; and GASB Statement No. 37, Basic Financial Statement – and Management Discussion and Analysis – for State and Local Governments; Ornibus, an amendment to GASB Statement No. 21 and No. 34, issued in June 2001.*

FINANCIAL HIGHLIGHTS

- □ Total net position was \$4,344,343 at June 30, 2022. This was an increase of \$640,035 (17.28%) from the prior year.
- □ Overall revenues were \$8,197,657, which was greater than expenses of \$7,557,622 by \$640,035.
- □ Net Pension Liability has decreased by \$2,760,238.
- Total OPEB Liability has decreased by \$214,936.

OVERVIEW OF FINANCIAL STATEMENTS

This annual report consists of three parts – Management's Discussion and Analysis (this section), the basic financial statements, and required supplementary information. The three sections together provide a comprehensive overview of the District. The basic financial statements are comprised of two kinds of statements that present financial information from different perspectives:

- Government-wide financial statements, which comprise the first two statements, provide both short-term and long-term information about the entity's overall financial position.
- □ **Fund financial statements** focus on reporting the individual parts of the District operations in more detail. The fund financial statements comprise the remaining statements.
 - Governmental funds statements tell how general government services were financed in the short term as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The basic financial statements are followed by a section of required supplementary information that further explains and supports the financial statements.

Government-Wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, deferred outflows of resources, liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how it has changed. Net position - assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources - is one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District, one needs to consider additional non-financial factors such as changes in enrollment, changes in the property tax base, changes in program funding by the Federal and State governments, and condition of facilities.

The government-wide financial statements of the District include governmental activities. Most of the District's basic services are included here, such as regular education, food service, maintenance and general administration. Local Control Funding Formula (LCFF) and Federal and State grants finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant funds - not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular programs. Some funds are required to be established by State law and by bond covenants. The Board of Trustees establishes other funds to control and manage money for particular purposes or to show that the District is meeting legal responsibilities for using certain revenues. The District has one kind of fund:

<u>Governmental funds</u> - Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the government funds statements that explains the relationship (or differences) between them.

Changes in Net Position

The District's total revenues were \$8,197,657. A majority of the revenue comes from LCFF Sources, and Operating Grants (97.55%). State and local revenue accounted for another 2.32% of total revenues.

The total cost of all programs and services was \$7,557,622 The District's expenses are predominantly related to educating and caring for students (79.53%). Administrative activities accounted for just 5.85% of total costs. The remaining expenses were for plant services (maintenance and operations), community services, ancillary services and interest on long-term obligations.

Governmental Activities

The cost of all governmental activities this year was \$7,557,622.

Table 3 presents the cost of each of the District's functions as well as each function's net cost (total cost less fees generated by the activities and intergovernmental aid). The net cost reflects what was funded by charges for services, operating grants and capital grants and contributions.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported a combined fund balance of \$4,101,909, an increase of \$105,552 from last year's ending fund balance of \$3,996,357.

General Fund Budgetary Highlights

Over the course of the year, the District revises its annual budget to reflect unexpected changes in revenues and expenditures. The final amendment to the budget was approved May 10, 2022. A schedule of the District's original and final budget amounts compared with actual revenues and expenses is provided in the required supplemental section of the audited financial report.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2022, the District had invested \$19,731,766 in a broad range of capital assets, including land, buildings and improvements, equipment and vehicles. See Table 4. More detailed information about the District's capital assets is presented in Note 5 of the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

At the time these financial statements were prepared and audited, the District was aware of circumstances that could affect its future financial health:

- □ The District is experiencing declining enrollment which can have a profound impact on the financial health of the District.
- □ With the inflation rate our economy is currently dealing with, the District will face higher prices for all goods and supplies in the coming year.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, parents, participants, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report, or need additional financial information, contact the Superintendent at 14004 Road 184, Porterville, California, 93257.

Independent Auditors' Report

Board of Trustees Pleasant View School District

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of Pleasant View School District as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of Pleasant View School District, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit;
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed;
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements;
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the District's proportionate share of the net pension liability, schedule of the District's pension contributions and schedule of changes in the total OPEB liability and related ratios on pages 1–7 and 38–41 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Pleasant View School District's basic financial statements. The schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying other required supplementary schedules as other supplementary information as required by the State's audit guide, 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, published by the Education Audit Appeals Panel are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards and other required supplementary schedules as supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and other required supplementary schedules as supplementary information are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the combining statements presented as other information on pages 42 through 48. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 11, 2023, on our consideration of Pleasant View School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Pleasant View School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Pleasant View School District's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2022

NOTE 1 - Summary of Significant Accounting Policies

Pleasant View School District (District) accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's "California School Accounting Manual". The accounting policies of the District conform to the accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

Financial Reporting Entity

A reporting entity is comprised of the primary government and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments, boards and agencies that are not legally separate from the District. For Pleasant View School District, this includes general operations, food service and student related activities of the District.

Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities include the financial activities of the overall government. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues and other non-exchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The District does not allocate indirect expenses in the statement of activities. Program revenues include (a) fees, fines and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the District's funds, with separate statements presented for each fund category. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

The District reports the following major governmental fund:

The General Fund is the District's primary operating fund. It is used to account for all financial resources of the District except those required to be accounted for in another fund.

Non-Major Governmental Funds:

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The following special revenue funds are utilized by the District:

The Student Activity Fund is used to account separately for local revenues that are restricted for student body activity and is used only for those expenditures as necessary for the operation of the schools' student bodies.

The Cafeteria Fund is used to account separately for federal, state and local resources to operate the food service program and is to be used only for those expenditures as necessary for the operation of the District's food service program.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2022

NOTE 1 - Summary of Significant Accounting Policies (continued)

Basis of Presentation (continued)

Capital Projects Funds are used to account for the acquisition and/or construction of all major governmental general fixed assets. The following capital projects funds are utilized by the District:

The Building Fund is used to account for the acquisition of major governmental capital facilities and buildings from the proceeds of bond sales and certificates of participation. This fund was closed during the year ended June 30, 2022.

The Non-Treasury COP/Trustee Building Fund #2 is used to account for the acquisition of major governmental capital facilities and buildings from the proceeds of bond sales and certificates of participation. This fund was closed during the year ended June 30, 2022.

The Capital Facilities Fund (Developer Fees) is used to account for resources received from developer impact fees assessed under provisions of the California Environmental Quality Act (CEQA).

The County School Facilities Fund – Modernization is used to receive apportionments from the State School Facilities Fund authorized by the State Allocation Board for the modernization of the District.

Measurement Focus, Basis of Accounting

Government-wide Financial Statements: These financial statements are reported using the economic resources measurement focus. They are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter, to be used to pay liabilities of the current fiscal year. Generally, available is defined as collectible within 45 or 60 days. However, to achieve comparability of reporting among California districts and so as not to distort normal revenue patterns, with specific respect to reimbursement grants and corrections to State-aid apportionments, the California Department of Education has defined available for districts as collectible within one year. The following revenue sources are considered to be both measurable and available at fiscal yearend: State apportionments, interest, certain grants, and other local sources. Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose requirements. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized as expenditures to the extent they have matured. General capital and leased asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

When the District incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the District's policy to use restricted resources first, then unrestricted resources.

Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated as of June 30.

NOTE 1 - Summary of Significant Accounting Policies (continued)

Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. By state law, the District's governing board must adopt a final budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements.

These budgets are revised by the District's governing board and district superintendent during the year to give consideration to unanticipated income and expenditures.

Formal budgetary integration was used as a management control device during the year for all budgeted funds. The District employs budget control by minor object and function and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object code. All appropriations lapse at year end.

Deposits and Investments

Cash balances held in banks are fully insured or collateralized.

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The County pools these funds with those of other districts in the county and invests the cash. The fair value of the District's investment in the pool is reported in the financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). Interest earned is deposited quarterly into the participating funds. The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Information regarding the amount of dollars invested in derivatives with the Tulare County Treasury was not available for the vear ended June 30, 2022.

Stores Inventories and Prepaid Expenditures

Inventories are recorded using the purchases method in that the cost is recorded as an expenditure at the time individual inventory items are purchased. Inventories are valued at average cost and consist of expendable supplies held for consumption. Inventories of the General Fund are immaterial and have been omitted from these statements.

The District has the option of reporting an expenditure in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to report the expenditure when incurred.

Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized. A capitalization threshold of \$5,000 is used.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Land Improvements	20
Buildings	25-50
Equipment	5-15

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2022

NOTE 1 - Summary of Significant Accounting Policies (continued)

Interfund Activity

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities, when applicable. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net position, when applicable.

Deferred Outflows and Deferred Inflows of Resources

In addition to assets, the statement of financial position will report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

Unearned Revenue

Cash received for federal and state special projects and programs is recognized as revenue to the extent that qualified expenditures have been incurred. Unearned revenue is recorded to the extent cash received on specific projects and programs exceeds qualified expenditures.

Certain grants received before the eligibility requirements are met are recorded as unearned revenue. On the governmental fund statements, receivables that will not be collected within the available period are also recorded as unearned revenue.

Compensated Absences

Accumulated unpaid employee vacation benefits are recognized as liabilities of the District. The entire compensated absence liability is reported on the government-wide statement of net position.

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the California State Teachers' Retirement System (CaISTRS) Schools Pool Cost-Sharing Multiple-Employer Plan and California Public Employees' Retirement System (CaIPERS) Schools Pool Cost-Sharing Multiple-Employer Plan and additions to/deductions from the CaISTRS and CaIPERS Plans' fiduciary net positions have been determined on the same basis as they are reported by the CaISTRS Financial Office and CaIPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Member contributions are recognized in the period in which they are earned. Investments are reported at fair value.

Fund Balances - Governmental Funds

Fund balances of the governmental funds are classified as follows:

Nonspendable Fund Balance – represents amounts that cannot be spent because they are either not in spendable form (such as stores inventories) or legally required to remain intact.

Restricted Fund Balance – represents amounts that are constrained by external parties, constitutional provisions or enabling legislation.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2022

NOTE 1 - Summary of Significant Accounting Policies (continued)

Fund Balances - Governmental Funds (continued)

Committed Fund Balance – represents amounts that can only be used for a specific purpose because of a formal action by the District's governing board, the District's highest level of decision making authority. Formal board action must be taken on or before June 30th of each fiscal year. Committed amounts cannot be used for any other purpose unless the governing board removes those constraints by taking the same type of formal action. The committed amount subject to the constraint may be determined after June 30th. Committed fund balance amounts may be used for other purposes with appropriate due process by the governing board. Committed fund balances in that the constraints on their use do not come from outside parties, constitutional provisions or enabling legislation.

Assigned Fund Balance – represents amounts which the District intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the governing board or by an official or body to which the governing board delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the General Fund convey that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the District itself.

Unassigned Fund Balance – represents amounts which are unconstrained in that they may be spent for any purpose. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

Spending Order Policy

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balances are available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

Minimum Fund Balance Policy

In fiscal year 2011, the District adopted a minimum fund balance policy for the General Fund. The District is committed to maintaining a prudent level of financial resources to protect against the need to reduce service levels because of temporary revenue shortfalls or unpredictable expenditures. Therefore, the District will maintain an unassigned Reserve for Economic Uncertainties consisting of unassigned amounts equal to no less than prescribed for fiscal solvency review purposes pursuant to Education Code Section 33127. In the event that the balance drops below the established minimum level, the District's governing board will develop a plan to replenish the fund balance to the established minimum level within two years.

Net Position

Net position represents assets plus deferred outflows of resources, less liabilities, less deferred inflows of resources. Net position, net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1. Unsecured property taxes are payable in one installment on or before August 31. The County of Tulare bills and collects the taxes for the District.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 3 - Cash and Investments

Cash in County Treasury

The District maintains substantially all of its cash in the Tulare County Treasury as part of the common investment pool. The District's cash in Tulare County Treasury was not subject to credit risk categorization and is carried at cost which approximates fair value. All pooled funds are regulated by California Government Code.

Cash on Hand and in Banks

Cash balances on hand and in banks (\$4,248 as of June 30, 2022) are fully insured or collateralized.

Analysis of Specific Deposits and Investments

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2022

NOTE 3 - Cash and Investments (continued)

Investments Authorized by the District's Investment Policy

Education Code Section 41015 authorizes the investment of surplus moneys, not required for the immediate necessities of the District, in any of the investments specified in Section 16430 or 53601 of the Government Code. Additionally, a variety of operational bank accounts are authorized, including but not limited to: Scholarship Accounts, Clearing Accounts and Revolving Cash Accounts. The District's investment policy does not contain any specific provisions intended to limit the District's exposure to interest rate risk, credit risk and concentration of credit risk. The District held no investments at June 30, 2022.

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District held no investments at June 30, 2022.

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District held no investments at June 30, 2022.

Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code, which is investments in any one issuer (other than U.S. Treasury Securities, mutual funds and external investment pools) that represent 5% or more of total District investments. The District held no investments at June 30, 2022.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure governmental agency deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools.

Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to foreign currency risk.

NOTE 9 - Participation In Public Entity Risk Pools and Joint Powers Authorities (JPAs)

The Pleasant View School District participates in the following public entity risk pools under joint powers agreements; the Central Tulare County School Districts Liability/Property Joint Powers Authority (C.T.C.S.J.P.A.), Northern California Regional Liability Excess Fund (NorCal ReLIEF), School Employees Trust-Tulare County (SET-TC), Self-Insured Schools of California III (S.I.S.C. III)-SET-TC Pool, and Tulare County Schools Insurance Group (T.C.S.I.G.). The relationship between the District and the JPAs is such that none of the JPAs is a component unit of the District for financial reporting purposes.

The JPAs were established as agencies under the provisions of California Government Code, Title I, Division 7, Chapter 5, Article 1, Section 6500, et. seq. The purpose of each JPA is to provide self-insurance programs as follows:

C.T.C.S.J.P.A. provides liability and property insurance for claims against the participating public educational agency JPA members. These claims are paid through the JPA loss fund.

NorCal ReLIEF provides general liability insurance for claims against the participating educational agency JPA members.

SET-TC provides coverage for medical, dental, vision and prescription claims through its participation in the S.I.S.C. III-SET-TC Pool.

S.I.S.C. III-SET-TC Pool provides the services necessary and appropriate for the establishment, operation and maintenance of a medical Self-Insurance Fund that provides for payment of medical, dental, vision and prescription claims of the member public educational agency employees and their covered dependents and to minimize the total cost of annual medical insurance of their respective member organizations.

T.C.S.I.G. is an insurance purchasing pool for workers' compensation insurance.

Membership in the JPAs consists of various public educational agencies.

The JPAs are governed by boards consisting of representatives from the member public educational agencies and related associations. The boards control the operations of each JPA, including selection of management and approval of operating budgets, independent of any influence by member public educational agencies beyond their representation on the board. Each member public educational agency pays a premium based on student population, or number of covered individuals. Surpluses remain in each fund or JPA, while deficits are covered by assessments on the member districts in proportion to their participation in each JPA.

During the last three fiscal (claims) years none of the above programs have had settlements or judgments that exceeded pooled or insured coverage. There have been no significant reductions in pooled or insured liability coverage from coverage in the prior year.

NOTE 10 - Pension Plans

Plan Descriptions

Qualified employees are covered under multiple-employer, cost-sharing defined benefit pension plans administered by agencies of the State of California. Certificated employees are members of the State Teachers' Retirement Plan (STRP), a plan administered by the California State Teachers' Retirement System (CalSTRS) and classified employees are members of the Public Employees' Retirement Fund, School Employer Pool (PERF B) administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plans are established by State statute and Local Government resolution. Support by the State for the CalSTRS plan is such that the plan has a special funding situation as defined by GASB Statement No. 68. The benefit terms of the CalSTRS and CalPERS plans may be amended through legislation and Public Employers' Retirement Law, respectively. CalSTRS and CalPERS issue publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on their respective websites, <a href="http://www.calstrs.com/member-publications.com/mem

Qualified Zone Academy Bond Program

In August 2014, the District entered into a \$1,240,000 bond agreement with the Dubuque Bank and Trust Company under a Qualified Zone Academy Bond (QZAB) program for the purchase and installation of energy conservation equipment at the District's school sites. Sinking fund deposits are to be made annually, for 17 years, in the amount of \$72,941. Interest of 4.41% will be charged for which the District may annually apply to receive a lease subsidy for an amount equal to the annual interest payment. The agreement includes a provision that upon default all payments will become immediately due and payable.

Future commitments for the QZAB payments as of June 30, 2022, are as follows:

NOTE 10 - Pension Plans (continued)

Benefits Provided

CalSTRS - STRP

CalSTRS - STRP provides retirement benefits based on members' final compensation, age and years of service credit. In addition, the plan provides benefits to members upon disability and to their survivors or beneficiaries upon the death of eligible members. STRP has two benefit formulas. CalSTRS 2% at 60 members are eligible for normal retirement at age 60, with a minimum of five years of credited service. Early retirement options are available at age 55 with five years of credited service or as early as age 50 with 30 years of credited service. CalSTRS 2% at 62 members are eligible for normal retirement at age 62, with a minimum of five years of credited service. An early retirement option is available at age 55. The normal retirement benefit is equal to 2% of final compensation for each year of credited service.

CalPERS - PERF B

CalPERS - PERF B provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Monthly benefits are based on three factors: Service credit, benefit factor and final compensation. Service credit is based on years of credited service, equal to one year of full-time employment. The benefit factor which is a percentage of pay to which the member is entitled for each year of service, is determined by their age at retirement and the retirement formula based on their membership date with each employer. CalPERS - PERF B has two school retirement formulas. CalPERS - PERF B 2% at 55 members are eligible for normal retirement at age 55, with a minimum of five years of credited service. Early retirement options are available at age 50. CalPERS - PERF B 2% at 62 members are eligible for normal retirement at age 62, with a minimum of five years of credited service. An early retirement option is available at age 52. The normal retirement benefit is equal to 2% of final compensation for each year of credited service.

Contributions

CalSTRS - STRP

Required member, District and State of California contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. Employers and members are required to contribute monthly to the system a percentage of the creditable compensation. Rates are defined in Section 22950.5. Beginning in the fiscal year 2021-22 and for each fiscal year thereafter, the CalSTRS Board has the authority to increase or decrease percentages paid specifically to reflect the contribution required to eliminate by June 30, 2046, the remaining unfunded actuarial obligation with respect to service credited to members before July 1, 2014, as determined by the Board based upon a recommendation from its actuary. The contribution rates for each plan for the year ended June 30, 2022, are presented on the previous page and the contributions to the pension plan from the District were \$400,667.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2022

NOTE 10 - Pension Plans (continued)

Contributions (continued)

CalPERS - PERF B

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The CalPERS' Board retains the authority to amend contribution rates. The total plan contributions are determined through CalPERS' periodic actuarial valuation process or by state statute. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employee is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contribution rates are expressed as a percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2022, are presented on the previous page and the contributions to the pension plan from the District were \$243,212.

On Behalf Payments

Consistent with Section 22955.1 of the California Education Code, the State of California makes contributions to CalSTRS on behalf of employees working for the District. The State contributed the required 10.828% of salaries creditable to CalSTRS from two fiscal years prior. The amount contributed by the State on behalf of the District was \$262,485 and is reported as both revenue and an expenditure in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balance. In the government-wide Statement of Activities, revenue and expense is recognized for the State's on behalf contributions on an accrual basis of \$28,877. These on behalf payments meet the criteria of a special funding situation.

California Senate Bill (SB) 90, signed into law in June 2019, appropriated additional contributions on behalf of school employers. Among other provisions, SB 90 appropriated \$2.246 billion to CalSTRS and \$904 million to CalPERS in 2018-19 to be allocated to future years to reduce the employer contribution rate. Additionally, SB 90 appropriated an amount of \$2.9 billion from Proposition 2 debt payment funding for CalSTRS, to be appropriated over the fiscal years 2019-20 through 2022-23. Additionally, passage of California Assembly Bill (AB) 84 revised certain provisions enacted by SB 90. AB 84 did not provide new supplemental contributions, rather, it repurposed SB 90 contributions that was originally intended to reduce employers' long-term liabilities, by further supplanting employer contributions through fiscal year 2021-22.

Pension Liabilities, Pension Expenses, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the District reported net pension liabilities for its proportionate share of the net pension liabilities that reflected a reduction for state support provided to the District. The amount recognized by the District as its proportionate share of the net pension liabilities, the related state support, and the total portion of the net pension liabilities that was associated with the District were as follows:

NOTE 10 - Pension Plans (continued)

Pension Liabilities, Pension Expenses, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

The District's net pension liability for each Plan is measured as the proportionate share of the net pension liability. The net pension liability of each of the Plans is measured as of June 30, 2021, and the total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020, rolled forward to June 30, 2021 using standard update procedures. The District's proportion of the net pension liabilities was based on a projection of the District's long-term share of contributions to the pension plans relative to the projected contributions of all participating school districts and the State, actuarially determined. A comparison of the District's proportionate share at measurement date of June 30, 2021 to its proportionate share at measurement date June 30, 2020, is as follows:

	CalSTRS	CalPERS
Proportionate share at June 30, 2021	0.00455%	0.00765%
Proportionate share at June 30, 2020	0.00438%	0.00698%
Change - increase (decrease)	0.00017%	0.00067%

For the year ended June 30, 2022, the District recognized pension expense of \$67,018 and revenue of \$262,485 for support provided by the State. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions as follows:

	red Outflows Resources	Deferred Inflows of Resources		
Differences between expected and actual experience	\$ 42,754	\$	215,391	
Changes of assumptions	293,686		-

\$643,879 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. The other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense, as follows:

Mortality Assumptions

CalSTRS' mortality assumptions are based on the July 1, 2015 through June 30, 2018 experience study. CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table, issued by the Society of Actuaries. CalPERS uses mortality tables developed based on CalPERS specific data for all funds. The mortality table includes 15 years of mortality improvements using the Society of Actuaries 90 percent of scale MP 2016.

Long-Term Expected Rate of Return

CalSTRS and CalPERS use the long-term expected rate of return on pension plan investments. It was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. In determining the long-term expected rate of return, CalSTRS and CalPERS took into account both short-term and long-term market return expectations as well as the expected cash flows of the Plans. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years.

CalSTRS' actuarial investment rate of return assumption was adopted by the board in January 2020 in conjunction with the most recent experience study. For each current and future valuation, CalSTRS' independent consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of expected 20-year geometrically linked real rates of return and the assumed asset allocation for each major asset class as of June 30, 2021, are summarized in the table on the next page.

CalPERS utilized historical returns of all the Plan's asset classes to determine the expected compounded (geometric) returns over the short-term (first 10 years) and the long-term (11+ years) using the building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

Discount Rate

CalSTRS' discount rate used to measure the total pension liability was 7.10%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers are made at statutory contribution rates in accordance with the rate increase. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10%) and assuming that contributions, benefit payments and administrative expenses occur midyear. Based on those assumptions, the CalSTRS-STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

CalPERS' discount rate used to measure the total pension liability was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

Summary of Changes of Benefits or Assumptions

There were no changes to benefit terms and plan provisions or actuarial assumptions that applied to members of CaISTRS or CaIPERS.

NOTE 11 - Postemployment Benefits Other Than Pension Benefits (OPEB)

Plan Description

The District provides a self-funded, single employer, defined benefit healthcare plan administered by Pleasant View School District to provide medical, dental and vision plans for all eligible active and retired District employees. The program is intended to offer a comprehensive coverage of most medical with prescription drugs, dental and vision benefits. Authority to establish and amend the benefit terms of the plan may be amended by the District. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Benefits Provided

As established by board policy, the plan covers all employees who retire from the District on or after attaining age 58 with at least 15 years of service. Benefits are paid until they attain the age of 65. Classified employees, including classified management, hired on or after July 1, 2008 are not eligible for District-paid benefits. The District is a member in a joint powers authority (JPA) the School Employees Trust-Tulare County (SET-TC), as described in Note 9 to provide health coverage.

Employees Covered by Benefit Terms

At June 30, 2021, plan membership consisted of the following:

Inactive employees or beneficiaries currently receiving benefit payments	4
Inactive employees entitled to but not yet receiving benefit payments	-
Participating active employees	24
Total number of participants	28

Contributions

The District funds the benefits on a pay-as-you-go basis. The District cap on health benefits is \$17,402 per year. The cap is higher than the premium cost and therefore does not reduce the District's benefit cost. During the fiscal year ended June 30, 2022, the District paid \$63,642 for retiree insurance premiums.

OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The District's total OPEB liability of \$1,134,718 was determined by an actuarial valuation as of June 30, 2021. Changes in total OPEB liability are as follows:

	Total OPEB Liability

For the year ended June 30, 2022 the District recognized OPEB expense of (\$478). At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB as follows:

	 red Outflows Resources	Deferred Inflows of Resources		
Differences between expected and actual experience Changes of assumptions or other inputs District contributions subsequent to the measurement date	\$ 210,758 120,534 63,642	\$	217,297 1,283,668 -

Actuarial Methods and Assumptions

The total OPEB liability for the year ended June 30, 2022, was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Valuation Date Measurement Date Actuarial Cost Method	June 30, 2021 June 30, 2021 Entry Age
Actuarial Assumptions:	
Investment Return/Discount Rate (1)	2.16%
Inflation Rate	2.50%
Projected Salary Increase	2.75%
Healthcare Cost Trend Rates	4.00%

(1) The discount rate was based on the Bond Buyer 20 Bond Index.

The actuarial assumptions used in the June 30, 2021 valuation were based on a standard set of assumptions the actuary has used for similar valuations, modified as appropriate for the District.

Mortality rates were based on the 2020 CaISTRS Mortality table and the 2017 CaIPERS Mortality for Miscellaneous and Schools Employees table. CaISTRS and CaIPERS periodically studies mortality for participating agencies and establishes mortality tables that are modified version of commonly used table.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

State and Federal Allowances, Awards and Grants

The District has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could result in expenditure disallowances under the terms of the grants, it is believed that any required reimbursement will not be material.

Modernization Project at Pleasant View East

On June 22, 2022, the District entered into an agreement with JTS Construction for one new relocatable classroom wing at Pleasant View Elementary School. The total project cost is estimated to be \$3,617,500. The expected completion date is February 2023. The project is expected to be funded by a hardship grant through The Office of Public School Construction (OPSC) for which the Fund Release Authorization has been submitted to the State Allocation Board (SAB).

NOTE 13 - Subsequent Event

Expanded Learning Opportunities Program (ELOP) Building Project

In August 2022, the District entered into an agreement with Mangini Associates, Inc. for the new ELOP modular building at Pleasant View Elementary School. The budget for the project is \$2,545,300 based on the architect's preliminary project budget summary. The expected completion date is August 1, 2023. The project is expected to be funded through the ESSER, Expanded Learning Opportunity Program funds, LCAP and ELOP funds.

Grades 4-6: Regular ADA	133.56	134.34
Grades 7-8: Regular ADA	97.33	98.46
ADA Totals	413.15	415.21

Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

The General Fund balance has increased by \$244,453 (6.83%) over the past two years. The fiscal year 2022-23 budget projects a decrease of \$239,859 (6.27%). For a district of this size, the State recommends available reserves of at least five percent of total General Fund expenditures, transfers out and other uses (total outgo).

The District has experienced operating surpluses for the past three years but projects a deficit during the 2022-23 fiscal year. Total long-term debt has decreased by \$2,359,950 over the past two years, mainly due to the decrease in net pension liability.

Average daily attendance has decreased by 44 over the past two years. An increase of one ADA is anticipated during the fiscal year 2022-23.

NOTES:

- (1) Budget 2023 is included for analytical purposes only and has not been subjected to audit.
- (2) Available reserves consist of all unassigned fund balances and all funds reserved for economic uncertainties contained within the General Fund.
- (3) Long-term debt includes net pension liability and total OPEB liability.

PLEASANT VIEW SCHOOL DISTRICT NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED JUNE 30, 2022

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Pleasant View School District under programs of the federal government for the year ended June 30, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Pleasant View School District, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior year.

Note 3 - De Minimis Cost Rate

The District did not elect to use the 10% de minimis cost rate.

Note 4 - Subrecipients

Of the federal expenditures presented in the Schedule, the District had no subrecipients that were provided federal awards.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Independent Auditors' Report

Board of Trustees Pleasant View School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of Pleasant View School District, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Pleasant View School District's basic financial statements, and have issued our report thereon dated January 11, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Pleasant View School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Pleasant View School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Pleasant View School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Pleasant View School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Pleasant View School District in a separate letter dated January 11, 2023.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

Independent Auditors' Report

Board of Trustees Pleasant View School District

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Pleasant View School District's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on Pleasant View School District's major federal program for the year ended June 30, 2022. Pleasant View School District's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Pleasant View School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Pleasant View School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of audited Pleasant View School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Pleasant View School District's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Pleasant View School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Pleasant View School District's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit;
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Pleasant View School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances;
- obtain an understanding of Pleasant View School District's internal control over compliance relevant to
 the audit in order to design audit procedures that are appropriate in the circumstances and to test and
 report on internal control over compliance in accordance with the Uniform Guidance, but not for the
 purpose of expressing an opinion on the effectiveness of Pleasant View School District's internal control
 over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Board of Trustees Pleasant View School District

Report on State Compliance

Opinion

We have audited the Pleasant View School District's (District) compliance with the requirements specified in the 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting applicable to the District's state program requirements identified below for the year ended June 30, 2022.

In our opinion, Pleasant View School District complied, in all material respects, with the laws and regulations of the state programs noted in the table below for the year ended June 30, 2022.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting published by the Education Audit Appeals Panel. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above, and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Pleasant View School District's state programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance with the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the state programs as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, we:

- exercise professional judgment and maintain professional skepticism throughout the audit;
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances;
- obtain an understanding of the District's internal control over compliance relevant to the audit in order to
 design audit procedures that are appropriate in the circumstances and to test and report on internal
 control over compliance in accordance with the 2021-22 Guide for Annual Audits of K-12 Local Education
 Agencies and State Compliance Reporting, but not for the purpose of expressing an opinion on the
 effectiveness of the District's internal controls over compliance. Accordingly, we express no such opinion;
 and
- select and test transactions and records to determine the District's compliance with the state laws and regulations applicable to the following items:

The term "N/A" is used above to mean either the District did not offer the program during the current fiscal year or the program applies to a different type of local education agency.

We did not perform testing for independent study because the ADA was under the level that requires testing.

We did not perform testing for District of Choice since the District did not elect to operate as a district of choice.

We did not perform testing for California Clean Energy Jobs Act since the District did not have expenditures and there was no submission of a final project completion report from this source during the current fiscal year.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identify during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance with the statutory requirements for programs noted above, which are required to be reported in accordance with the State's audit guide, 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, which are described in the accompanying Schedule of Findings and Questioned Costs as items 2020-001 and 2022-001.

Government Auditing Standards requires the auditor to perform limited procedures on the District's responses to the noncompliance findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The District's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention from those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting. Accordingly, this report is not suitable for any other purpose.

FINDING 2020-001 61000 STATE COMPLIANCE – CLASSROOM TEACHER SALARIES

Criteria

Education Code Section 41372 requires that payment of classroom teachers' salaries and benefits meet or exceed 60% (for elementary districts) of total expenditures of the District.

Condition

The District spent 59.54% of their current expense of education (\$6,383,945) on classroom teachers' salaries and benefits (\$3,801,293), which is below the required level.

Questioned Costs

Not Applicable

Proper Perspective

The finding is systematic to the entire District.

Effect

The deficiency amount was determined to be \$29,366; therefore, the District is out of compliance with Education Code Section 41372. The District has filed an application for exemption from required expenditures for classroom teacher salaries with the Tulare County Office of Education.

Cause

Teachers' salaries and benefits were not increased to meet this requirement because the teachers' salaries and benefits are already in excess of those paid by other comparable school districts.

Recommendation

This is a repeat finding from the prior year. We recommend the District continue to monitor the comparability of salaries between comparable school districts and apply for the waiver when needed.

Corrective Action Plan

The District will continue to monitor the comparability of salaries between comparable school districts and apply for the waiver when needed.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2022

FINDING 2022-001 40000 STATE COMPLIANCE – EXPANDED LEARNING OPPORTUNITIES GRANT (ELO-G) PLAN

Criteria

Education Code Section 43522(e)(1) states, "The governing board or body of a local educational agency that receives funds under subdivision (b) of Section 43521 shall adopt at a public meeting a plan describing how the apportioned funds will be used in accordance with this section. Within 5 days of adoption, a school district shall submit the plan to its county office of education...".

Condition

The District did not submit the Expanded Learning Opportunities Grant (ELO-G) Plan to the County Office within the required time frame.

Questioned Costs

Not Applicable

Proper Perspective

Requirement is isolated to the ELO-G plan.

Effect

The District was not in compliance with Education Code Section 43522(e)(1).

Cause

District oversight.

Recommendation

We recommend the District take steps to ensure all reports are submitted within the required time frame in the future.

Corrective Action Plan

The District will takes steps to ensure all reports are submitted within the required time frame in the future.

Board of Trustees Pleasant View School District

We have completed our audit of Pleasant View School District for the year ended June 30, 2022. The following item came to our attention which we are providing for your consideration:

Student Body Cash Receipts

During our testing of student body fundraisers, we noted that one fundraiser lacked proper documentation to track potential revenue. We recommend the District ensure Fundraising Control Forms are prepared for all events and are approved by the Superintendent. The Fundraising Control Forms should include details of items purchased, donated and sold as well as an explanation of any differences. The Fundraising Control Forms should also include a reconciliation to cash receipts/deposits.

Prior Year Issues

COPs Activity Journal Entries: The District refinanced 2015 COPs and made journal entries to record the issuance of the new COPs; however, the District did not record the payoff of the old COPs. As a result, the Cash with a Fiscal Agent/Trustee was overstated. We recommended as part of year end closing procedures, the District reconcile the trust account to the general ledger. Our recommendation has been implemented.

GASB Statement No. 87, *Leases* Implementation: The District was required to implement GASB Statement No. 87, *Leases* for the fiscal year ending June 30, 2022. We recommended the District become familiar with the new standard and gather and evaluate current leases and contracts in preparation for proper reporting in their June 30, 2022 financial statements. Our recommendation has been implemented.

We would like to thank management and all of the office personnel for the excellent cooperation we received during our audit. We look forward to working with you again in 2023 and beyond.

Very truly yours,

Explanatory Notes

User norms are based on the group of students who have taken the test in the selected subject and course. These results are not comparable to results based on nationally representative norms. Summaries for groups of fewer than 10 students are not shown, as the sample size may be too small for acceptable statistical reliability.
 Calculations not provided because students have no MAP results in at least one of the terms. The Growth Count is zero.
 Count provided reflects students with MAP results in both the Start and End terms. Observed Growth calculation is based on that student data.

User norms are based on the group of students who have taken the test in the selected subject and course. These results are not comparable to results based on nationally representative norms. Summaries for groups of fewer than 10 students are not shown, as the sample size may be too small for acceptable statistical reliability.
 Calculations not provided because students have no MAP results in at least one of the terms. The Growth Count is zero.
 Count provided reflects students with MAP results in both the Start and End terms. Observed Growth calculation is based on that student data.

State Superintendent Tony Thurmond Congratulates High-Performing Middle Schools Named 2023 Schools to Watch

SACRAMENTO—State Superintendent of Public Instruction Tony Thurmond today announced that 77 high-performing California middle grades schools have been recognized for 2023 by the California Schools to Watch program. There are 36 new California Schools to Watch this year. An additional 41 schools reapplied to the program, demonstrated their sustained progress, and have been redesignated as 2023 California Schools to Watch. Altogether, there are now 186 California Schools to Watch.

"Congratulations to these schools for building systems that support all students from all backgrounds and who bring a wealth of individual and family assets," Thurmond said. "These middle grades students attend programs that help them believe in themselves, discover their interests, and work toward their academic, life, and career goals. These middle schools are exceptional role models of how educational innovation and an enthusiastic school community can keep students engaged and learning through a critical stage in their K–12 journey."

These high-performing model schools demonstrate academic excellence, social equity, and responsiveness to the needs of young adolescents. For example, Alta Sierra Intermediate School has a targeted intervention program for students called Support for Success that includes supports such as reteaching; study hall; lunch labs with teachers; a homework center; pull-out tutoring from PE class; and Program Reach, designed to support victims of bullying, harassment, or racially motivated behavior to teach coping skills, conflict resolution, and empathy. And La Paz Intermediate School's culture and climate is enhanced by a fully developed Positive Behavioral Interventions and Supports (PBIS) program implemented schoolwide as well as a year-round Where Everybody Belongs (WEB) program that connects with students during lunch activities, nighttime social events, and classroom lessons.

V. School Safety Practices, Policies and Procedures

A. Bully Prevention

"The Pleasant View Unified School District's Board of Education recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm". No individual or group shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, retaliate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel.

School administration at Pleasant View Elementary School enforces this policy and will not tolerate bullying of any type.

B. Safe Ingress/Egress Procedures

Supervision of Students

As students arrive on campus each morning, administrators are strategically placed on campus to monitor student behavior. When students are dismissed at the end of the day, administrators ensure students either travel to afterschool activities or leave campus in a safe and orderly manner.

Visitors

Many individuals visit the campus as volunteers or to participate in school events. To maintain a safe and secure environment, all parents and visitors are required to check in at the school office upon arrival, obtain and wear a visitor's badge, and then return to the school office upon departure.

VI.Sample Communications Forms and Postings

A. Pandemic Influenza

PANDEMIC FLU PANDEMIC INFLUENZA

Pandemic flu is a worldwide outbreak of disease that occurs when a new flu virus appears that can spread from person to person. Because people have not been exposed to the new virus they have little or no immunity.

Therefore, serious illness or death is more likely to result. The illness rates for both seasonal and pandemic flu are high among children.

Because schools are the most densely populated environments in society, they are likely to contribute significantly to the containment or to the spread of flu in the community. Therefore, school closures may result as a means of reducing the overall illness rates within communities.

GOAL

Plan and increase preparedness for the possibility of an influenza pandemic.

Stages of Preparation include planning for:

- Mitigation and Prevention anticipating needs
- Preparedness planning what to do and how to do it
- Response implementing your plan
- Recovery what to do to return to normal

Principal/Designee

- Review instructions for staff and students
- Implement prevention policies and procedures including:
 - > Posting of health education materials more frequently
 - Education of staff/students on how to cover coughs and sneezes
 - Education of staff/students on frequent hand washing
 - Use of waterless hand sanitizers and wipes
- Develop platoon system for rotation of staff, and identify a priority list for staff release.
- Plan for possible use of facility by Public Health Officials.

All Personnel

Basic elements required for pandemic influenza preparedness: Any staff member can be designated to serve as Civil Service Worker

- Each employee will be assigned priority for serving as a Civil Service Worker depending on the need.
- The platoon system for rotation purposes will be implemented and a general plan made for systematic dismissal of staff.
- Students will be dismissed according to standard student release procedures as outlined for any emergency.
- "All Call" system will communicate with parents and staff as needed.

- 11. Debrief support staff who helped at the school.
- 12. Take care of witnesses.

C. Responding to Inquires – Principal's Template

SAMPLE – SCRIPT FOR OFFICE MANAGER/SECRETARY/CLERK Responding to Inquires

What has happened?

Share the information honestly;

e.g... "This morning one of our kindergarten students, (NAME), was hit by a car outside of his home. According to the family (he/she) ran out into the street and was seriously injured. He/she died this afternoon."

What actions are being taken?

Security measures, emotional issues, correspondence.

e.g..."The Standardized Emergency Management System was activated. School support staff including school psychologist, counselor, and nurse have been and will continue to be available to students, teachers, and parents.

A written correspondence will be sent home sharing pertinent and resource information."

When to retrieve students?

Explain that safety and welfare of students is of the foremost concern. Be prepared for an influx of students wanting to go home or parents trying to retrieve.

e.g... "Your son or daughter is not in immediate danger and therefore will be dismissed as usual."

What can the parent/community member do to help?

Immediate and long term.

e.g..."As per the request of the family, monetary donations can be sent to defray the cost of the funeral. If you wish for your son/daughter to attend the funeral, parents/guardians are expected to attend with their child.

If victim is hospitalized, respect hospital visitation hours and respect the privacy of the family.

Be observant of your child's feelings and listen to them. If you have concerns about how your child is coping, seek support from family members, clergy, doctor, or contact the school site support staff."

D. Notification of Student Death - Sample Letter to Parents/Guardians - English

S. Action "Hazardous Weather"

- a. Hazardous weather can consist of any of the following:
 - 1) Windstorms can be hazardous when wind speed causes damage to property or when wind combined with cold weather cause wind chill.
 - 2) Thunderstorms
 - 3) Heat
- b. Warning: Telephone call from district office or public safety agency such as fire, police or sheriff's department.
- c. Action:
 - 1) If high winds develop during school hours, the following emergency actions will be accomplished:
 - a) Students and staff should be assembled inside buildings
 - b) Implement Action "Duck, Cover, and Hold" (take cover signal).
 - c) Close windows and blinds.
 - d) Remain near an inside wall if possible.
 - e) Evacuate classrooms bearing full force of wind.
 - f) Keep tuned to one of the suggested radio stations for latest advisory information (see "Radio Stations")
 - g) Take roll.
 - h) School office will notify utility companies of an actual or suspected break in the utility service.
 - i) If necessary/possible, school office will contact the fire department, district office and/or district maintenance/operations office.
 - 2) Thunderstorm
 - a) Upon seeing lightning or hearing thunder, immediately move <u>all students and staff</u> indoors. Do not wait for the rain to begin falling.
 - b) While indoors, stay away from windows and doors; refrain from using telephones, electrical appliances, computers, or plumbing fixtures; and do not lie on concrete floors or lean against reinforced masonry walls.
 - c) Remain indoors for at least 30 minutes after the last lightning is observed or the last thunder is heard.
 - 3) Heat
 - a) Keep students out of direct sunlight
 - b) Provide water
 - c) Follow actions for medical emergencies, as appropriate

T. Action "Nuclear Fallout"

- a. Fallout is a radioactive combination of dirt, fission products, and anything else that is picked up by a nuclear explosion that then settles over surrounding areas.
 - 1) Fallout from an explosion by an improvised nuclear device in San Francisco can spread to Tulare County,
 - 2) Fallout from an explosion in San Francisco is expected to reach eastern Tulare County in approximately two to three hours.
 - 3) Radiation levels of fallout over Tulare County are not expected to be fatal, but may cause radiation illness.
 - a) The hazard from fallout is not from breathing the particles, but from exposure to the ionizing radiation given off after the fallout particles have settled on the ground and building roofs.

b. Warning:

- 1) An explosion of an improvised nuclear device may exhibit the following:
 - a) A bright flash of light
 - b) A sound of an explosion
 - c) Shaking ground
- 2) Other warnings will be distributed over the news media.

c. Announcement:

- 1) The warning announcement at the school shall be: "We have a hazard in the community and are instituting Shelter in Place procedures. Students and staff should remain inside. Those who are outside should immediately move to the protection of an inside room."
- 2) Additional information (example): "Doors and windows should be securely closed. Do not go outdoors until you receive further instructions."
- 3) Cancellation: "The Shelter in Place has been cancelled, the campus is safe."

d. Actions:

- 1) Get inside, stay inside, stay informed
- 2) Immediately clear students from outdoor areas
- 3) Close and lock classroom doors, close and lock windows and close window treatments, if available
- Physical Education students should be taken to the gymnasium or multipurpose room and held there until the end of the shelter in place.
- 5) If possible, shelter as many students as possible in larger buildings before fallout arrives. The ability of students and staff to distance themselves from exterior walls and the roof make larger structures ideal.
- 6) Send someone to the emergency storage container to bring food and water back to the classroom.
- 7) Keep students quiet and away from doors and windows. Maintain a calm environment.
- 8) Ensure that the heating, ventilation and air condition system is off. Turn off any other fans.
- Seal major gaps under doors and windows with wet towels or duct tape. Allow some air exchange for breathing.
- 10) Take roll and prepare a list of missing students.

Pleasant View Elementary School District

- 11) If parents or visitors are present, they should remain indoors at the site.
- 12) Parents who contact the site should be advised to stay inside at home until it is safe to pick up their children.
- 13) Tune in to local news for updates.
- 14) Principal or designee will direct other action as required.
- 15) Remain in designated area until contacted.

U. Staff "Buddy" List

When necessary, a "buddy" or buddy group will take charge of the students of other classes.

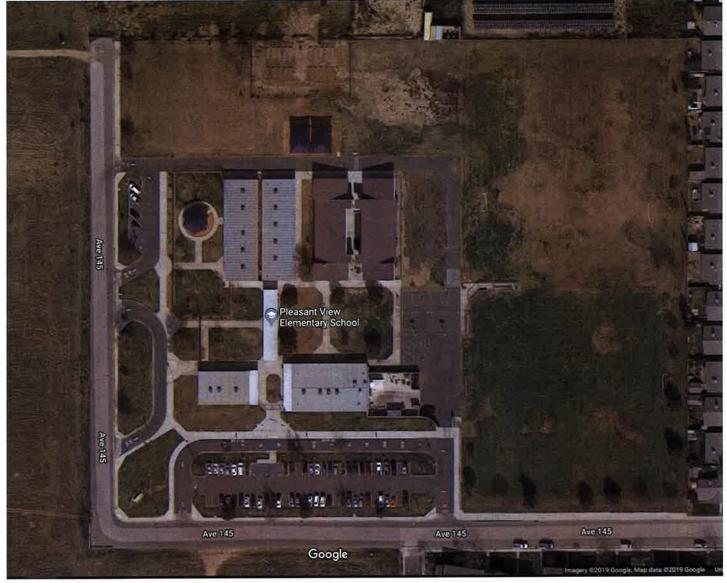

Following the incident and a classroom status check; buddy teachers check with each other to determine: the health of each other, the need to assist with injuries, the need to stay with injured students, etc. Remember: the teacher's responsibility is to do the greatest good for the greatest number. Students should practice exiting to the evacuation site without the teacher leading them. Teacher should stay back to check the classroom and close the door. IMMEDIATELY FOLLOWING STUDENT ACCOUNTING, IF MEMBER OF BUDDY TEAM HAS ACTIVATED ICS DUTY, THEY GIVE THEIR CLASS TO BUDDY AND REPORT FOR ASSIGNMENT AT COMMAND. (If buddy is not available, give class to another teacher who is remaining on the field and tell Command and Parent Emergency Pick Up who has your class).

IX. Policies and Regulations Related to Student Safety

Pleasant View Unified School District has adopted the following board policies and administrative regulations to provide guidance and procedures for students, staff, and parents in an effort to provide a safe and orderly environment during regular school hours and during the event of an emergency. Legal citations and references may be found by viewing the original board policies. Please visit the district's website at <u>www.pleasant-view.org</u> to access full versions of board policies and administrative regulations referred to herein.

1. Bomb Threats – AR 3516.2

To maintain a safe and secure environment for district students and staff, the Superintendent or designee shall ensure that the district's emergency and disaster preparedness plan and/or each school's comprehensive safety plan includes procedures for dealing with bomb threats. He/she also shall provide training regarding the procedures to site administrators, safety personnel, and staff members who customarily handle mail, telephone calls, or email.

Receiving Threats

Any staff member receiving a telephoned bomb threat shall try to keep the caller on the line in order to gather information about the location and timing of the bomb and the person(s) responsible. To the extent possible, the staff member should also take note of the caller's gender, age, any distinctive features of voice or speech, and any background noises such as music, traffic, machinery, or voices.

If the bomb threat is received through the mail system or in writing, the staff member who receives it should handle the letter, note, or package as minimally as possible. If the threat is received through electronic means, such as email or text messaging, the staff member should not delete the message.

Response Procedure

The following procedure shall be followed when a bomb threat is received:

1. Any employee who receives a bomb threat shall immediately call 911 and also report the threat to the Superintendent or designee. If the threat is in writing, the employee shall place the message in an envelope and take note of where and by whom it was found.

2. Any student or employee who sees a suspicious package shall promptly notify the Superintendent or designee.

3. The Superintendent or designee shall immediately use fire drill signals and initiate standard evacuation procedures as specified in the emergency plan.

4. The Superintendent or designee shall turn off any two-way radio equipment which is located in a threatened building.

Law enforcement and/or fire department staff shall conduct the bomb search. No school staff shall search for or handle any explosive or incendiary device.

No one shall reenter the threatened building(s) until the Superintendent or designee declares that reentry is safe based on law enforcement and/or fire department clearance.

To the extent possible, the Superintendent or designee shall maintain communications with staff, parents/guardians, the Governing Board, other governmental agencies, and the media during the period of the incident.

Following the incident, the Superintendent or designee shall provide crisis counseling for students and/or staff as needed.

Any employee or student found to have made a bomb threat shall be subject to disciplinary procedures and/or criminal prosecution.Regulation PLEASANT VIEW ELEMENTARY SCHOOL DISTRICT

approved: September 7, 2010 Porterville, California

2. Bullying - BP 5131.2

The Governing Board recognizes the harmful effects of bullying on student learning and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No individual or group shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, retaliate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel.

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images as defined in Education Code <u>48900</u>. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Strategies for addressing bullying in district schools shall be developed with involvement of key stakeholders, including students, parents/guardians, and staff, and may be incorporated into the comprehensive safety plan, the local control and accountability plan, and other applicable district and school plans.

As appropriate, the Superintendent or designee may collaborate with law enforcement, courts, social services, mental health services, other agencies, and community organizations in the development and implementation of joint strategies to promote safety in schools and the community and to provide services for alleged victims and perpetrators of bullying.

Bullying Prevention

To the extent possible, district schools shall focus on the prevention of bullying by establishing clear rules for student conduct and implementing strategies to promote a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying.

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes socialemotional learning, effective communication and conflict resolution skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

Such instruction shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the district and its employees to prevent discrimination, harassment, intimidation, and bullying of district students. Such training shall be designed to provide staff with the skills to:

1. Discuss the diversity of the student body and school community, including their varying immigration experiences

2. Discuss bullying prevention strategies with students, and teach students to recognize the behavior and characteristics of bullying perpetrators and victims

3. Identify the signs of bullying or harassing behavior

4. Take immediate corrective action when bullying is observed

5. Report incidents to the appropriate authorities, including law enforcement in instances of criminal behavior

Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and cafeterias.

Intervention

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness an act of bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code <u>48900.9</u>)

Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee. Within one business day of receiving such a report, a staff member shall notify the principal of the report, whether or not a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report his/her observation to the principal or a district compliance officer, whether or not the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in AR 1312.3 - Uniform Complaint Procedures.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

Investigation and Resolution of Complaints

Any complaint of bullying shall be investigated and, if determined to be discriminatory, resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3.

If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint. Discipline

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code <u>48900</u>, may include suspension or expulsion in accordance with district policies and regulations.

Policy PLEASANT VIEW ELEMENTARY SCHOOL DISTRICT

adopted: June 19, 2018 Porterville, California

3. Bus Conduct – BP 5131.1

Bus transportation is a privilege extended only to students who display good conduct while preparing to ride, riding or leaving the bus. Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for a student to be denied transportation.

The Superintendent or designee shall establish regulations related to bus conduct, bus driver authority, and the suspension of riding privileges. The Governing Board shall make these rules available to parents/guardians and students. (5 CCR <u>14103</u>)

Video cameras may be used on school buses to monitor student behavior while traveling to and from school and school activities. The Board believes that such monitoring will deter misconduct and help to ensure the safety of students and staff. Students found to be in violation of the district's bus conduct rules shall be subject to discipline in accordance with district policy and regulations.

At the discretion of the Superintendent or designee, school bus video recordings also may be used to resolve complaints by students and/or parents/guardians and to help employees maintain discipline.

4. Bus Conduct – AR 5131.1

Because school bus passengers' behavior can directly affect their safety and the safety of others, the following regulations apply at all times when students are riding a school bus, including school activity trips.

1. Riders shall follow the instructions and directions of the bus driver at all times.

(cf. <u>3542</u> - School Bus Drivers)

2. Riders should arrive at the bus stop on time and stand in a safe place to wait quietly for the bus.

3. Riders shall enter the bus in an orderly manner and go directly to their seats.

4. Riders shall remain seated while the bus is in motion and shall not obstruct the aisle with their legs, feet, or other objects. When reaching their destination, riders shall remain seated until the bus stops and only then enter the aisle and go directly to the exit.

5. Riders should be courteous to the driver and to fellow passengers.

6. Because serious safety hazards can result from noise or behavior that distracts the driver, loud talking, laughing, yelling, singing, whistling, scuffling, throwing objects, smoking, eating, drinking, standing and changing seats are prohibited actions which may lead to suspension of riding privileges.

7. No part of the body, hands, arms or head should be put out of the window. Nothing should be thrown from the bus.

8. Riders shall help keep the bus and the area around the bus stop clean. Riders shall not damage or deface the bus or tamper with bus equipment.

9. No animals shall be allowed on the bus without express permission from the principal or designee.

10. Riders should be alert for traffic when leaving the bus.

Riders who fail to comply with the above rules shall be reported to the school principal, who shall determine the severity of the misconduct and take action accordingly. In all instances of misconduct, the rider and his/her parent/guardian shall be given notice and warning. In the case of a severe violation or repeated offenses, the rider may be denied transportation for a period of time determined by the principal, up to the remainder of the school year.

Bus drivers shall not deny transportation except as directed by the principal.

Video Camera Surveillance

The Superintendent or designee shall supervise the use and maintenance of video cameras,

Students and staff shall not tamper or interfere with video camera equipment on school buses.

Camera supports may be installed in all buses, and cameras may be rotated among the buses and activated at the discretion of the Superintendent or designee.

The Superintendent or designee shall notify students, parents/guardians and staff that video surveillance may occur on any school bus and that video recordings may be used in student disciplinary proceedings. This notification shall include a copy of the district's policy and regulation on bus conduct. In addition, a prominent notice shall be placed in each bus, stating that the bus is equipped with a video monitoring system.

The Superintendent or designee shall routinely review videotapes taken on school buses and shall document any evidence of student misconduct. Two weeks after this review, the Superintendent or designee may erase any tapes that do not show incidents of misconduct.

Tapes retained as part of an individual student's disciplinary record shall be maintained in accordance with law and Board policy governing the access, review and release of student records. Tapes retained as part of an expulsion record are nonprivileged, disclosable public records pursuant to Education Code <u>48918</u>.

Videotapes may be viewed by persons other than the Superintendent or designee under the following conditions:

1. When student misconduct is revealed as a result of a school bus videotape or reported to the Superintendent or designee by a student, staff member or parent/guardian, students involved in the incident and their parents/guardians may ask the Superintendent or designee for an opportunity to view the videotape.

a. Requests for viewing must be made within five school days of receiving notification that misconduct occurred.

b. A viewing shall be provided or denied within five days of the request.

c. Viewing will be limited to those frames containing the incident of misconduct.

2. Bus drivers and school administrators may ask to view a videotape in order to observe a specific problem and work toward its solution.

3. Viewing shall occur only at a school-related site and in the presence of the Superintendent or designee.

4. All persons who view a tape shall be identified in a written log.

Regulation PLEASANT VIEW ELEMENTARY SCHOOL DISTRICT

approved: September 7, 2004 Porterville, California

5. Campus Security – BP 3515

The Governing Board is committed to providing a school environment that promotes the safety of students, employees, and visitors to school grounds. The Board also recognizes the importance of protecting district property, facilities, and equipment from vandalism and theft.

The Superintendent or designee shall develop campus security procedures which are consistent with the goals and objectives of the district's comprehensive safety plan and site-level safety plans. Such procedures shall be regularly reviewed to reflect changed circumstances and to assess their effectiveness in achieving safe school objectives.

Surveillance Systems

The Board believes that reasonable use of surveillance cameras will help the district achieve its goals for campus security. In consultation with the safety planning committee and relevant staff, the Superintendent or designee shall identify appropriate locations for the placement of surveillance cameras. Cameras shall not be placed in areas where students, staff, or community members have a reasonable expectation of privacy. Any audio capability on the district's surveillance equipment shall be disabled so that sounds are not recorded.

Prior to the operation of the surveillance system, the Superintendent or designee shall ensure that signs are posted at conspicuous locations at affected school buildings and grounds. These signs shall inform students, staff, and visitors that surveillance may occur and shall state whether the district's system is actively monitored by school personnel. The Superintendent or designee shall also provide prior written notice to students and parents/guardians about the district's surveillance system, including the locations where

surveillance may occur, explaining that the recordings may be used in disciplinary proceedings, and that matters captured by the camera may be referred to local law enforcement, as appropriate.

To the extent that any images from the district's surveillance system create a student or personnel record, the Superintendent or designee shall ensure that the images are accessed, retained, and disclosed in accordance with law, Board policy, administrative regulation, and any applicable collective bargaining agreements.

6. Campus Security – AR 3515

The Superintendent or designee shall ensure that the district's campus security plan includes strategies to:

1. Secure the campus perimeter and school facilities in order to prevent criminal activity

These strategies include a risk management analysis of each campus' security system, lighting system, and fencing. Procedures to ensure unobstructed views and eliminate blind spots caused by doorways and landscaping shall also be considered. In addition, parking lot design may be studied, including methods to discourage through traffic.

2. Secure buildings from outsiders and discourage trespassing

These strategies may include requiring visitor registration, staff and student identification tags, and patrolling of places used for congregating and loitering.

3. Discourage vandalism and graffiti

These strategies may include plans to immediately cover graffiti as well as campus beautification projects and shall also include students and the community in these projects.

4. Control access to keys and other school inventory

5. Detect and intervene with school crime

These strategies may include the creation of a school watch program, an anonymous crime reporting system, analysis of school crime incidents, and collaboration with local law enforcement agencies, including providing for law enforcement presence.

All staff shall receive training in building and grounds security procedures.

Keys

All keys used in a school shall be the responsibility of the principal or designee. Keys shall be issued only to those employees who regularly need a key in order to carry out normal activities of their position.

The principal or designee shall create a key control system with a record of each key assigned and room(s) or building(s) which the key opens.

Keys shall be used only by authorized employees and shall never be loaned to students. The master key shall not be loaned.

The person issued a key shall be responsible for its safekeeping. The duplication of school keys is prohibited. If a key is lost, the person responsible shall immediately report the loss to the principal or designee and shall pay for a replacement key.

Regulation PLEASANT VIEW ELEMENTARY SCHOOL DISTRICT

7. Child Abuse and Reporting – BP 5141.4

The Governing Board is committed to supporting the safety and well-being of district students and desires to facilitate the prevention of and response to child abuse and neglect. The Superintendent or designee shall develop and implement strategies for preventing, recognizing, and promptly reporting known or suspected child abuse and neglect.

The Superintendent or designee may provide a student who is a victim of abuse with school-based mental health services or other support services and/or may refer the student to resources available within the community as needed.

Child Abuse Prevention

The district's instructional program shall include age-appropriate and culturally sensitive child abuse prevention curriculum. This curriculum shall explain students' right to live free of abuse, include instruction in the skills and techniques needed to identify unsafe situations and react appropriately and promptly, inform students of available support resources, and teach students how to obtain help and disclose incidents of abuse.

The district's program also may include age-appropriate curriculum in sexual abuse and sexual assault awareness and prevention. Upon written request of a student's parent/guardian, the student shall be excused from taking such instruction.

The Superintendent or designee shall, to the extent feasible, seek to incorporate community resources into the district's child abuse prevention programs and may use these resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

Child Abuse Reporting

The Superintendent or designee shall establish procedures for the identification and reporting of known and suspected child abuse and neglect in accordance with law.

Procedures for reporting child abuse shall be included in the district and/or school comprehensive safety plan. (Education Code <u>32282</u>)

District employees who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect.

The Superintendent or designee shall provide training regarding the duties of mandated reporters.

adopted: March 10, 2015 Porterville, California

8. Child Abuse and Reporting – AR 5141.4

Definitions

Child abuse or neglect includes the following: (Penal Code 11165.5, 11165.6)

- 1. A physical injury or death inflicted by other than accidental means on a child by another person
- 2. Sexual abuse of a child, including sexual assault or sexual exploitation, as defined in Penal Code 11165.1
- 3. Neglect of a child as defined in Penal Code 11165.2
- 4. Willful harming or injuring of a child or the endangering of the person or health of a child as defined in Penal Code 11165.3
- 5. Unlawful corporal punishment or injury as defined in Penal Code 11165.4
- (cf. 4119.21/4219.21/4319.21 Professional Standards)
- (cf. 5145.7 Sexual Harassment)

Child abuse or neglect does not include:

1. A mutual affray between minors (Penal Code 11165.6)

2. An injury caused by reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment (Penal Code <u>11165.6</u>)

(cf. 3515.3 - District Police/Security Department)

3. An injury resulting from the exercise by a teacher, vice principal, principal, or other certificated employee of the same degree of physical control over a student that a parent/guardian would be privileged to exercise, not exceeding the amount of physical control reasonably necessary to maintain order, protect property, protect the health and safety of students, or maintain proper and appropriate conditions conducive to learning (Education Code <u>44807</u>)

4. An injury caused by a school employee's use of force that is reasonable and necessary to quell a disturbance threatening physical injury to persons or damage to property, to protect himself/herself, or to obtain weapons or other dangerous objects within the control of a student (Education Code <u>49001</u>)

5. Physical pain or discomfort caused by athletic competition or other such recreational activity voluntarily engaged in by a student (Education Code <u>49001</u>)

6. Homelessness or classification as an unaccompanied minor

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; athletic coaches, administrators, and directors; administrators and employees of a licensed child day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program.

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect

Reportable Offenses

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect.

Any mandated reporter who has knowledge of or who reasonably suspects that a child is suffering serious emotional damage or is at a substantial risk of suffering serious emotional damage, based on evidence of severe anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, may make a report to the appropriate agency.

Any district employee who reasonably believes that he/she has observed the commission of a murder, rape, or lewd or lascivious act by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury against a victim who is a child under age 14 shall notify a peace officer.

Responsibility for Reporting

The reporting duties of mandated reporters are individual and cannot be delegated to another person.

When two or more mandated reporters jointly have knowledge of a known or suspected instance of child abuse or neglect, the report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report.

Any person not identified as a mandated reporter who has knowledge of or observes a child whom he/she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to the appropriate agency.

Reporting Procedures

1. Initial Telephone Report

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department.

California Office of Protective Services

26501 Avenue 140

Porterville, CA 93257

(559) 782-2350

When the initial telephone report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

2. Written Report

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form

The Department of Justice form may be obtained from the district office or other appropriate agencies, such as the county probation or welfare department or the police or sheriff's department.

IX-10

Reports of suspected child abuse or neglect shall include, if known:

a. The name, business address, and telephone number of the person making the report and the capacity that makes the person a mandated reporter

b. The child's name and address, present location, and, where applicable, school, grade, and class

c. The names, addresses, and telephone numbers of the child's parents/guardians

d. The name, address, telephone number, and other relevant personal information about the person who might have abused or neglected the child

e. The information that gave rise to the reasonable suspicion of child abuse or neglect and the source(s) of that information

The mandated reporter shall make a report even if some of this information is not known or is uncertain to him/her.

The mandated reporter may give to an investigator from an agency investigating the case, including a licensing agency, any information relevant to an incident of child abuse or neglect or to a report made for serious emotional damage pursuant to Penal Code <u>11166.05</u>.

3. Internal Reporting

The mandated reporter shall not be required to disclose his/her identity to his/her supervisor, the principal, or the Superintendent or designee.

However, employees reporting child abuse or neglect to an appropriate agency are encouraged, but not required, to notify the principal as soon as possible after the initial telephone report to the appropriate agency. When so notified, the principal shall inform the Superintendent or designee.

The principal so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms.

Reporting the information to an employer, supervisor, principal, school counselor, co-worker, or other person shall not be a substitute for making a mandated report to the appropriate agency.

Training

Within the first six weeks of each school year, the Superintendent or designee shall provide training on mandated reporting requirements to district employees and persons working on their behalf who are mandated reporters. Any school personnel hired during the school year shall receive such training within the first six weeks of employment.

The Superintendent or designee shall use the online training module provided by the California Department of Social Services.

The training shall include, but not necessarily be limited to, training in identification and reporting of child abuse and neglect. In addition, the training shall include information that failure to report an incident of known or reasonably suspected child abuse or neglect as required by law is a misdemeanor punishable by imprisonment and/or a fine as specified.

The Superintendent or designee shall obtain and retain proof of each mandated reporter's completion of the training.

Victim Interviews by Social Services

Whenever the Department of Social Services or another government agency is investigating suspected child abuse or neglect that occurred within the child's home or out-of-home care facility, the student may be interviewed by an agency representative during

school hours, on school premises. The Superintendent or designee shall give the student the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the student.

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements:

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.

2. The selected person shall not participate in the interview.

3. The selected person shall not discuss the facts or circumstances of the case with the child.

4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect Reporting Act, a violation of which is punishable as specified in Penal Code <u>11167.5</u>.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school.

Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the Superintendent or designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian.

Parent/Guardian Complaints

Upon request, the Superintendent or designee shall provide parents/guardians with procedures for reporting suspected child abuse occurring at a school site to appropriate agencies. For parents/guardians whose primary language is not English, such procedures shall be in their primary language and, when communicating orally regarding those procedures, an interpreter shall be provided.

To file a complaint against a district employee or other person suspected of child abuse or neglect at a school site, parents/guardians may file a report by telephone, in person, or in writing with any appropriate agency identified above under "Reporting Procedures." If a parent/guardian makes a complaint about an employee to any other employee, the employee receiving the information shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency. The employee also is obligated pursuant to Penal Code <u>11166</u> to file a report himself/herself using the procedures described above for mandated reporters.

In addition, if the child is enrolled in special education, a separate complaint may be filed with the California Department of Education pursuant to 5 CCR <u>4650</u>.

Notifications

The Superintendent or designee shall provide to all new employees who are mandated reporters a statement that informs them of their status as mandated reporters, their reporting obligations under Penal Code <u>11166</u>, and their confidentiality rights under Penal Code <u>11167</u>. The district also shall provide these new employees with a copy of Penal Code <u>11165.7</u>, <u>11166</u>, and <u>11167</u>.

Before beginning employment, any person who will be a mandated reporter by virtue of his/her position shall sign a statement indicating that he/she has knowledge of the reporting obligations under Penal Code <u>11166</u> and will comply with those provisions. The signed statement shall be retained by the Superintendent or designee.

Employees who work with dependent adults shall be notified of legal responsibilities and reporting procedures pursuant to Welfare and Institutions Code <u>15630-15637</u>.

The Superintendent or designee also shall notify all employees that:

1. A mandated reporter who reports a known or suspected instance of child abuse or neglect shall not be held civilly or criminally liable for making a report and this immunity shall apply even if the mandated reporter acquired the knowledge or reasonable suspicion of child abuse or neglect outside of his/her professional capacity or outside the scope of his/her employment. Any other person making a report shall not incur civil or criminal liability unless it can be proven that he/she knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report.

2. If a mandated reporter fails to timely report an incident of known or reasonably suspected child abuse or neglect, he/she may be guilty of a crime punishable by a fine and/or imprisonment.

3. No employee shall be subject to any sanction by the district for making a report unless it can be shown that he/she knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report.

9. Comprehensive School Safety Plan – BP 0450

The Governing Board recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others.

The Superintendent or designee shall oversee the development of a district wide comprehensive safety plan that is applicable to each school site. (Education Code <u>32281</u>)

The comprehensive safety plan(s) shall be reviewed and updated by March 1 of each year and forwarded to the Board for approval. (Education Code <u>32286</u>, <u>32288</u>)

The Board shall review the comprehensive safety plan(s) in order to ensure compliance with state law, Board policy, and administrative regulation and shall approve the plan(s) at a regularly scheduled meeting.

By October 15 of each year, the Superintendent or designee shall notify the California Department of Education of any schools that have not complied with the requirements of Education Code <u>32281</u>.

Tactical Response Plan

Notwithstanding the process described above, any portion of a comprehensive safety plan that includes tactical responses to criminal incidents that may result in death or serious bodily injury at the school site, including steps to be taken to safeguard students and staff, secure the affected school premises, and apprehend the criminal perpetrator(s), shall be developed by district administrators in accordance with Education Code <u>32281</u>. In developing such strategies, district administrators shall consult with law enforcement officials and with a representative of an employee bargaining unit, if he/she chooses to participate.

When reviewing the tactical response plan, the Board may meet in closed session to confer with law enforcement officials, provided that any vote to approve the tactical response plan is announced in open session following the closed session. (Education Code <u>32281</u>)

Public Access to Safety Plan(s)

The Superintendent or designee shall ensure that an updated file of all safety-related plans and materials is readily available for inspection by the public. (Education Code <u>32282</u>)

However, those portions of the comprehensive safety plan that include tactical responses to criminal incidents shall not be publicly disclosed.

Policy PLEASANT VIEW ELEMENTARY SCHOOL DISTRICT

10. Comprehensive School Safety Plan – AR 0450

Development and Review of Comprehensive School Safety Plan

The school site council shall consult with local law enforcement in the writing and development of the comprehensive school safety plan. When practical, the school site council also shall consult with other school site councils and safety committees. (Education Code 32281, 32282)

The school site council may delegate the responsibility for developing a comprehensive safety plan to a school safety planning committee composed of the following members: (Education Code <u>32281</u>)

- 1. The principal or designee
- 2. One teacher who is a representative of the recognized certificated employee organization
- 3. One parent/guardian whose child attends the school
- 4. One classified employee who is a representative of the recognized classified employee organization
- 5. Other members, if desired

Before adopting the comprehensive safety plan, the school site council or school safety planning committee shall hold a public meeting at the school in order to allow members of the public the opportunity to express an opinion about the plan. (Education Code <u>32288</u>)

The school site council or safety planning committee shall notify, in writing, the following persons and entities of the public meeting: (Education Code <u>32288</u>)

- 1. The local mayor
- 2. A representative of the local school employee organization
- 3. A representative of each parent organization at the school, including the parent teacher association and parent teacher clubs
- 4. A representative of each teacher organization at the school
- 5. A representative of the school's student body government
- 6. All persons who have indicated that they want to be notified

In addition, the school site council or safety planning committee may notify, in writing, the following entities of the public meeting: (Education Code <u>32288</u>)

1. Representatives of local religious organizations

2. Local civic leaders

3. Local business organizations

(cf. 1700 - Relations Between Private Industry and the Schools)

Content of the Safety Plan

Each comprehensive safety plan shall include an assessment of the current status of any crime committed on campus and at school-related functions. (Education Code <u>32282</u>)

The assessment may include, but not be limited to, reports of crime, suspension and expulsion rates, and surveys of students, parents/guardians, and staff regarding their perceptions of school safety.

(cf. 0500 - Accountability)

(cf. 0510 - School Accountability Report Card)

The plan also shall identify appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, including all of the following: (Education Code <u>32282</u>)

1. Child abuse reporting procedures consistent with Penal Code 11164

(cf. 5141.4 - Child Abuse Prevention and Reporting)

2. Routine and emergency disaster procedures including, but not limited to:

a. Adaptations for students with disabilities in accordance with the Americans with Disabilities Act

b. An earthquake emergency procedure system in accordance with Education Code <u>32282</u>

c. A procedure to allow public agencies, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare

3. Policies pursuant to Education Code <u>48915(d)</u> for students who commit an act listed in Education Code <u>48915(c)</u> and other schooldesignated serious acts which would lead to suspension, expulsion, or mandatory expulsion recommendations

4. Procedures to notify teachers of dangerous students pursuant to Education Code 49079

5. A policy consistent with the prohibition against discrimination, harassment, intimidation, and bullying pursuant to Education Code 200-262.4

6. If the school has adopted a dress code prohibiting students from wearing "gang-related apparel" pursuant to Education Code <u>35183</u>, the provisions of that dress code and the definition of "gang-related apparel"

7. Procedures for safe ingress and egress of students, parents/guardians, and employees to and from school

8. A safe and orderly school environment conducive to learning

9. The rules and procedures on school discipline adopted pursuant to Education Code 35291 and 35291.5

Among the strategies for providing a safe environment, the school safety plan may also include:

IX-15

1. Development of a positive school climate that promotes respect for diversity, personal and social responsibility, effective interpersonal and communication skills, self-esteem, anger management, and conflict resolution

2. Disciplinary policies and procedures that contain prevention strategies, such as strategies to prevent bullying, hazing, and cyberbullying, as well as behavioral expectations and consequences for violations

3. Curriculum that emphasizes prevention and alternatives to violence, such as multicultural education, character/values education, media analysis skills, conflict resolution, community service learning, and education related to the prevention of dating violence

4. Parent involvement strategies, including strategies to help ensure parent/guardian support and reinforcement of the school's rules and increase the number of adults on campus

5. Prevention and intervention strategies related to the sale or use of drugs and alcohol which shall reflect expectations for drug-free schools and support for recovering students

6. Collaborative relationships among the city, county, community agencies, local law enforcement, the judicial system, and the schools that lead to the development of a set of common goals and community strategies for violence prevention instruction

7. District policy related to possession of firearms and ammunition on school grounds

8. Measures to prevent or minimize the influence of gangs on campus

9. Procedures for receiving verification from law enforcement when a violent crime has occurred on school grounds and for promptly notifying parents/guardians and employees of that crime

10. Assessment of the school's physical environment, including a risk management analysis and development of ground security measures such as procedures for closing campuses to outsiders, installing surveillance systems, securing the campus perimeter, protecting buildings against vandalism, and providing for a law enforcement presence on campus

11. Guidelines for the roles and responsibilities of mental health professionals, community intervention professionals, school counselors, school resource officers, and police officers on school campuses. Guidelines may include, but are not limited to, the following:

a. Strategies to create and maintain a positive school climate, promote school safety, and increase student achievement

b. Strategies to prioritize mental health and intervention services, restorative and transformative justice programs, and positive behavior interventions and support

c. Protocols to address the mental health care of students who have witnessed a violent act at any time, including, but not limited to, while on school grounds, while coming or going from school, during a lunch period whether on or off campus, or during or while going to or coming from a school-sponsored activity

12. Strategies for suicide prevention and intervention

(cf. 5141.52 - Suicide Prevention)

13. Procedures to implement when a person interferes with or disrupts a school activity, remains on campus after having been asked to leave, or creates a disruption with the intent to threaten the immediate physical safety of students or staff

14. Crisis prevention and intervention strategies, which may include the following:

a. Identification of possible crises that may occur, determination of necessary tasks that need to be addressed, and development of procedures relative to each crisis, including the involvement of law enforcement and other public safety agencies as appropriate

b. Threat assessment strategies to determine the credibility and seriousness of a threat and provide appropriate interventions for the potential offender(s)

c. Assignment of staff members responsible for each identified task and procedure

d. Development of an evacuation plan based on an assessment of buildings and grounds and opportunities for students and staff to practice the evacuation plan

e. Coordination of communication to schools, Governing Board members, parents/guardians, and the media

f. Development of a method for the reporting of violent incidents

g. Development of follow-up procedures that may be required after a crisis has occurred, such as counseling

15. Staff development in violence prevention and intervention techniques, including preparation to implement the elements of the safety plan

16. Environmental safety strategies, including, but not limited to, procedures for preventing and mitigating exposure to toxic pesticides, lead, asbestos, vehicle emissions, and other hazardous substances and contaminants

Regulation PLEASANT VIEW ELEMENTARY SCHOOL DISTRICT

approved: September 13, 2016 Porterville, California

11. Conduct – BP 5131

The Governing Board believes that all students have the right to be educated in a positive learning environment free from disruptions. Students shall be expected to exhibit appropriate conduct that does not infringe upon the rights of others or interfere with the school program while on school grounds, while going to or coming from school, while at school activities, and while on district transportation.

The Superintendent or designee shall ensure that each school site develops standards of conduct and discipline consistent with district policies and administrative regulations. Students and parents/guardians shall be notified of district and school rules related to conduct.

Prohibited student conduct includes, but is not limited to:

1. Conduct that endangers students, staff, or others

2. Conduct that disrupts the orderly classroom or school environment

3. Harassment or bullying of students or staff, including, but not limited to, cyberbullying, intimidation, hazing or initiation activity, extortion, or any other verbal, written, or physical conduct that causes or threatens to cause violence, bodily harm, or substantial disruption, in accordance with the section entitled "Bullying/Cyberbullying" below

Cyberbullying includes the transmission of communications, posting of harassing messages, direct threats, or other harmful texts, sounds, or images on the Internet, social networking sites, or other digital technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

5. Possession or use of a laser pointer, unless used for a valid instructional or other school-related purpose, including employment (Penal Code 417.27)

Prior to bringing a laser pointer on school premises, students shall first obtain permission from the principal or designee. The principal or designee shall determine whether the requested use of the laser pointer is for a valid instructional or other school-related purpose.

6. Use of profane, vulgar, or abusive language

7. Plagiarism or dishonesty on school work or tests

- (cf. 6162.6 Use of Copyrighted Materials)
- 8. Inappropriate attire
- 9. Tardiness or unexcused absence from school
- 10. Failure to remain on school premises in accordance with school rules

11. Possession, use, or being under the influence of tobacco, alcohol, or other prohibited drugs

Employees are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or receive a report of a violation of these standards, to immediately intervene or call for assistance. If an employee believes a matter has not been resolved, he/she shall refer the matter to his/her supervisor or administrator for further investigation.

Students who violate district or school rules and regulations may be subject to discipline including, but not limited to, suspension, expulsion, transfer to alternative programs, or denial of the privilege of participation in extracurricular or cocurricular activities in

accordance with Board policy and administrative regulation. The Superintendent or designee shall notify local law enforcement as appropriate.

Students also may be subject to discipline, in accordance with law, Board policy, or administrative regulation, for any off-campus conduct during nonschool hours which poses a threat or danger to the safety of students, staff, or district property, or substantially disrupts school activities.

Possession/Use of Cellular Phones and Other Mobile Communications Devices

No student shall be prohibited from possessing or using an electronic signaling device that is determined by a licensed physician or surgeon to be essential for the student's health and the use of which is limited to health-related purposes. (Education Code <u>48901.5</u>)

Except with prior consent for health reasons, students shall not possess or use on school campus personal electronic signaling devices including, but not limited to, pagers and cellular/digital telephones as well as other mobile communications devices including, but not limited to, digital media players, personal digital assistants (PDAs), compact disc players, portable game consoles, cameras, digital scanners, and laptop computers.

If a disruption occurs or a student uses any mobile communications device for improper activities, a school employee shall direct the student to turn off the device and/or shall confiscate it. If the school employee finds it necessary to confiscate the device, he/she shall return it at the end of the class period or school day.

In accordance with BP/AR 5145.12 - Search and Seizure, a school official may search a student's mobile communications device, including, but not limited to, reviewing messages or viewing pictures.

(cf. 5145.12 - Search and Seizure)

A student who violates this policy may be prohibited from possessing a mobile communications device at school or school-related events and/or may be subject to further discipline in accordance with Board policy and administrative regulation.

Bullying/Cyberbullying

The Board desires to prevent bullying by establishing a positive, collaborative school climate and clear rules for student conduct,

The district may provide students with instruction, in the classroom or other educational settings, that promotes communication, social skills, and assertiveness skills and educates students about appropriate online behavior and strategies to prevent and respond to bullying and cyberbullying.

School staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies. Parents/guardians, students, and community members also may be provided with similar information.

Students may submit a verbal or written complaint of conduct they consider to be bullying to a teacher or administrator. Complaints of bullying shall be investigated and resolved in accordance with site-level grievance procedures specified in AR 5145.7 - Sexual Harassment.

When a student is suspected of or reported to be using electronic or digital communications to engage in cyberbullying against other students or staff, or to threaten district property, the investigation shall include documentation of the activity, identification of the source, and specific facts or circumstances that explain the impact or potential impact on school activity, school attendance, or the targeted student's educational performance.

Students shall be encouraged to save and print any messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

Any student who engages in cyberbullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline in accordance with district policies and

regulations. If the student is using a social networking site or service that has terms of use that prohibit posting of harmful material, the Superintendent or designee also may file a complaint with the Internet site or service to have the material removed.

12. Discipline – BP 5144

The Governing Board is committed to providing a safe, supportive, and positive school environment which is conducive to student learning and to preparing students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

The Superintendent or designee shall develop effective, age-appropriate strategies for maintaining a positive school climate and correcting student misbehavior at district schools. The strategies shall focus on providing students with needed supports; communicating clear, appropriate, and consistent expectations and consequences for student conduct; and ensuring equity and continuous improvement in the implementation of district discipline policies and practices.

In addition, the Superintendent or designee's strategies for correcting student misconduct shall reflect the Board's preference for the use of positive interventions and alternative disciplinary measures over exclusionary discipline measures.

Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as detention, suspension, and expulsion, shall be imposed only when required or permitted by law or when other means of correction have been documented to have failed. (Education Code <u>48900.5</u>)

School personnel and volunteers shall not allow any disciplinary action taken against a student to result in the denial or delay of a school meal. (Education Code <u>49557.5</u>)The Superintendent or designee shall create a model discipline matrix that lists violations and the consequences for each as allowed by law.

The administrative staff at each school may develop disciplinary rules to meet the school's particular needs consistent with law, Board policy, and district regulations. The Board, at an open meeting, shall review the approved school discipline rules for consistency with Board policy and state law. Site-level disciplinary rules shall be included in the district's comprehensive safety plan. (Education Code <u>32282</u>, <u>35291.5</u>)At all times, the safety of students and staff and the maintenance of an orderly school environment shall be priorities in determining appropriate discipline. When misconduct occurs, staff shall attempt to identify the causes of the student's behavior and implement appropriate discipline. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student's health, well-being, and opportunity to learn.Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the district's nondiscrimination policies.

The Superintendent or designee shall provide professional development as necessary to assist staff in developing the skills needed to effectively implement the disciplinary strategies adopted for district schools, including, but not limited to, consistent school and classroom management skills, effective accountability and positive intervention techniques, and development of strong, cooperative relationships with parents/guardians.

District goals for improving school climate, based on suspension and expulsion rates, surveys of students, staff, and parents/guardians regarding their sense of school safety, and other local measures, shall be included in the district's local control and accountability plan, as required by law.

At the beginning of each school year, the Superintendent or designee shall report to the Board regarding disciplinary strategies used in district schools in the immediately preceding school year and their effect on student learning.

Policy PLEASANT VIEW ELEMENTARY SCHOOL DISTRICT

adopted: February 20, 2018 Porterville, California

13. Discipline – AR 5144

Site-Level Rules

Site-level rules shall be consistent with district policies and administrative regulations. In developing site-level disciplinary rules, the principal or designee shall solicit the participation, views, and advice of one representative selected by each of the following groups: (Education Code <u>35291.5</u>)

1. Parents/guardians

2. Teachers

3. School administrators

4. School security personnel, if any

5. For junior high and high schools, students enrolled in the school

Annually, site-level discipline rules shall be reviewed and, if necessary, updated to align with any changes in district discipline policies or goals for school safety and climate as specified in the district's local control and accountability plan. A copy of the rules shall be filed with the Superintendent or designee for inclusion in the comprehensive safety plan.

School rules shall be communicated to students clearly and in an age-appropriate manner.

It shall be the duty of each employee of the school to enforce the school rules on student discipline. (Education Code 35291)

Disciplinary Strategies

To the extent possible, staff shall use disciplinary strategies that keep students in school and participating in the instructional program. Except when a student's presence causes a danger to himself/herself or others or he/she commits a single act of a grave nature or an offense for which suspension or expulsion is required by law, suspension or expulsion shall be used only when other means of correction have failed to bring about proper conduct. Disciplinary strategies may include, but are not limited to:

1. Discussion or conference between school staff and the student and his/her parents/guardians

2. Referral of the student to the school counselor or other school support service personnel for case management and counseling

3. Convening of a study team, guidance team, resource panel, or other intervention-related team to assess the behavior and develop and implement an individual plan to address the behavior in partnership with the student and his/her parents/guardians

4. When applicable, referral for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program or a Section 504 plan

5. Enrollment in a program for teaching prosocial behavior or anger management

6. Participation in a restorative justice program

7. A positive behavior support approach with tiered interventions that occur during the school day on campus

8. Participation in a social and emotional learning program that teaches students the ability to understand and manage emotions, develop caring and concern for others, make responsible decisions, establish positive relationships, and handle challenging situations capably

9. Participation in a program that is sensitive to the traumas experienced by students, focuses on students' behavioral health needs, and addresses those needs in a proactive manner

10. After-school programs that address specific behavioral issues or expose students to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups

11. Recess restriction as provided in the section below entitled "Recess Restriction"

12. Detention after school hours as provided in the section below entitled "Detention After School"

13. Community service as provided in the section below entitled "Community Service"

14. In accordance with Board policy and administrative regulation, restriction or disqualification from participation in extracurricular activities

15. Reassignment to an alternative educational environment

16. Suspension and expulsion in accordance with law, Board policy, and administrative regulation

When, by law or district policy, other means of correction are required to be implemented before a student could be suspended or expelled, any other means of correction implemented shall be documented and retained in the student's records. (Education Code <u>48900.5</u>)

Recess Restriction

A teacher may restrict a student's recess time only when he/she believes that this action is the most effective way to bring about improved behavior. When recess restriction may involve the withholding of physical activity from a student, the teacher shall try other disciplinary measures before imposing the restriction. Recess restriction shall be subject to the following conditions:

1. The student shall be given adequate time to use the restroom and get a drink or eat lunch, as appropriate.

2. The student shall remain under a certificated employee's supervision during the period of restriction.

3. Teachers shall inform the principal of any recess restrictions they impose.

Detention After School

Students may be detained for disciplinary reasons up to one hour after the close of the maximum school day. (5 CCR 353)

If a student will miss his/her school bus on account of being detained after school, or if the student is not transported by school bus, the principal or designee shall notify parents/guardians of the detention at least one day in advance so that alternative transportation arrangements may be made. The student shall not be detained unless the principal or designee notifies the parent/guardian.

In cases where the school bus departs more than one hour after the end of the school day, students may be detained until the bus departs. (5 CCR 307, 353)

Students shall remain under the supervision of a certificated employee during the period of detention.

Students may be offered the choice of serving their detention on Saturday rather than after school.

Community Service

As part of or instead of disciplinary action, the Governing Board, Superintendent, principal, or principal's designee may, at his/her discretion, require a student to perform community service during nonschool hours on school grounds or, with written permission of

the student's parent/guardian, off school grounds. Such service may include, but is not limited to, community or school outdoor beautification, campus betterment, and teacher, peer, or youth assistance programs. (Education Code <u>48900.6</u>)

This community service option is not available for a student who has been suspended, pending expulsion, pursuant to Education Code <u>48915</u>. However, if the recommended expulsion is not implemented or the expulsion itself is suspended, then the student may be required to perform community service for the resulting suspension. (Education Code <u>48900.6</u>)

Notice to Parents/Guardians and Students

At the beginning of the school year, the Superintendent or designee shall notify parents/guardians, in writing, about the availability of district rules related to discipline. (Education Code <u>35291</u>, <u>48980</u>)

The Superintendent or designee shall also provide written notice of disciplinary rules to transfer students at the time of their enrollment in the district.

14. Dress and Grooming – BP 5132

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

Gang-Related Apparel

The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

Policy PLEASANT VIEW ELEMENTARY SCHOOL DISTRICT

adopted: September 7, 2004 Porterville, California

15. Dress and Grooming – AR 5132

In cooperation with teachers, students and parents/guardians, the principal or designee shall establish school rules governing student dress and grooming which are consistent with law, Governing Board policy and administrative regulations. These school dress codes shall be regularly reviewed.

Each school shall allow students to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. (Education Code <u>35183.5</u>)

Coaches and teachers may impose more stringent dress requirements to accommodate the special needs of certain sports and/or classes.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code <u>49066</u>)

The principal, staff, students and parent/guardians at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other special school activities.

Gang-Related Apparel

At individual schools that have a dress code prohibiting gang-related apparel at school or school activities, the principal, staff and parents/guardians participating in the development of the school safety plan shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code <u>32281</u>)

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received.

16. Earthquake Emergency Procedures System - AR 3516.3

Earthquake Preparedness

Earthquake emergency procedures shall be established in every school building having an occupant capacity of 50 or more students, or more than one classroom, and shall be incorporated into the comprehensive safety plan. (Education Code <u>32282</u>)

Earthquake emergency procedures shall be aligned with the Standardized Emergency Management System and the National Incident Management System. (Government Code <u>8607</u>; 19 CCR <u>2400-2450</u>)

The Superintendent or designee may work with the California Governor's Office of Emergency Services and the Seismic Safety Commission to develop and establish the earthquake emergency procedures. (Education Code <u>32282</u>)

Earthquake emergency procedures shall outline the roles and responsibilities of students and staff during and after an earthquake.

Earthquake emergency procedures shall include, but not be limited to, all of the following: (Education Code 32282)

1. A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of students and staff

2. A drop procedure whereby each student and staff member takes cover under a table or desk, dropping to his/her knees, with the head protected by the arms and the back to the windows

Drop procedures shall be practiced at least once each school quarter in elementary schools and at least once each semester in secondary schools.

3. Protective measures to be taken before, during, and following an earthquake

4. A program to ensure that students and staff are aware of and properly trained in the earthquake emergency procedure system

Staff and students shall be informed of the dangers to expect in an earthquake and procedures to be followed. Students shall be instructed to remain silent and follow directions given by staff in such an emergency. Staff and students also shall be taught safety precautions to take if they are in the open or on the way to or from school when an earthquake occurs.

Earthquake emergency procedures shall designate primary and alternative locations outside of buildings, which may include areas off campus if necessary, where individuals on a school site will assemble following evacuation. In designating such areas, the Superintendent or designee shall consider potential post-earthquake hazards outside school buildings including, but not limited to, power lines, trees, covered walkways, chain link fences that may be an electric shock hazard, and areas near buildings that may have debris.

Earthquake emergency procedures also shall outline primary and alternative evacuation routes that avoid areas with potential hazards to the extent possible. The needs of students with disabilities shall be considered when planning evacuation routes.

The Superintendent or designee shall consider the danger of a post-earthquake tsunami when developing evacuation routes and locations, including the need to evacuate to higher ground.

The Superintendent or designee shall identify at least one individual within each building to determine if an evacuation is necessary, the best evacuation location, and the best route to that location when an earthquake occurs.

The Superintendent or designee shall identify potential earthquake hazards in classrooms and other district facilities, including, but not limited to, areas where the main gas supply or electric current enters the building, suspended ceilings, pendant light fixtures, large windows, stairwells, science laboratories, storage areas for hazardous materials, shop areas, and unsecured furniture and equipment. IX-26 To the extent possible, dangers presented by such potential hazards shall be minimized by securing equipment and furnishings and removing heavy objects from high shelves.

Earthquake While Indoors at School

When an earthquake occurs, the following actions shall be taken inside buildings and classrooms:

1. Staff shall have students perform the drop procedure. Students should stay in the drop position until the emergency is over or until further instructions are given.

2. In laboratories, burners should be extinguished, if possible, before taking cover.

3. As soon as possible, staff shall move students away from windows, shelves, and heavy objects or furniture that may fall.

4. After the earthquake, the principal or designee shall determine whether planned evacuation routes and assembly locations are safe and shall communicate with teachers and other staff.

5. When directed by the principal or designee to evacuate, or if classrooms or other facilities present dangerous hazards that require immediate evacuation, staff shall account for all students under their supervision and shall evacuate the building in an orderly manner.

Earthquake While Outdoors on School Grounds

When an earthquake occurs, the following actions shall be taken by staff or other persons in authority who are outdoors on school grounds:

1. Staff shall direct students to walk away from buildings, trees, overhead power lines, power poles, or exposed wires.

2. Staff shall have students perform the drop procedure.

3. Staff shall have students stay in the open until the earthquake is over or until further directions are given.

Earthquake While on the Bus

If students are on the school bus when an earthquake occurs, the bus driver shall take proper precautions to ensure student safety, which may include pulling over to the side of the road or driving to a location away from outside hazards, if possible. Following the earthquake, the driver shall contact the Superintendent or designee for instructions before proceeding on the route or, if such contact is not possible, drive to an evacuation or assembly location.

Subsequent Emergency Procedures

After an earthquake episode has subsided, the following actions shall be taken:

1. Staff shall extinguish small fires if safe.

2. Staff shall provide first aid to any injured students, take roll, and report missing students to the principal or designee,

3. Staff and students shall refrain from lighting any stoves or burners or operating any electrical switches until the area is declared safe.

4. All buildings shall be inspected for water and gas leaks, electrical breakages, and large cracks or earth slippage affecting buildings,

5. The principal or designee shall post staff at safe distances from all building entrances and instruct staff and students to remain outside the buildings until they are declared safe.

6. The principal or designee shall request assistance as needed from the county or city civil defense office, fire and police departments, city and county building inspectors, and utility companies and shall confer with them regarding the advisability of closing the school.

7. The principal or designee shall contact the Superintendent or designee and request further instructions after assessing the earthquake damage.

8. The Superintendent or designee shall provide updates to parents/guardians of district students and members of the community about the incident, any safety issues, and follow-up directions.

17. Fire Drills and Fires - AR 3516.1

Fire Drills

The principal shall cause the fire alarm signal to be sounded at least once every month. (Education Code <u>32001</u>)

The principal shall also hold fire drills at least once a month at the elementary level, four times every school year at the intermediate level, and not less than twice every school year at the secondary level. (Education Code <u>32001</u>)

1. The principal shall notify staff as to the schedule for fire drills.

2. Whenever a fire drill is held, all students, teachers and other employees shall be directed to leave the building. (5 CCR 550)

3. Teachers shall ascertain that no student remains in the building.

4. Teachers shall be prepared to select alternate exits and shall direct their classes to these exits whenever the designated escape route is blocked.

5. The principal or designee shall keep a record of each fire drill conducted and file a copy of this record with the office of the Superintendent or designee.

Fires

When a fire is discovered in any part of the school, the following actions shall be taken:

1. The principal or designee shall sound fire signals, unless the school and/or building is equipped with an automatic fire detection and alarm system. (Education Code <u>32001</u>)

2. The principal or designee shall call 911.

3. All persons shall be directed to leave the building and shall proceed outside to designated assembly areas.

4. Staff shall give students clear direction and supervision and help maintain a calm and orderly response.

5. In outside assembly areas, teachers shall take roll, report missing students, and provide assistance to any injured students.

6. In outside assembly areas, the principal, designee and/or each department head shall account for their staff, report missing staff, and provide assistance to any injured staff.

7. If the fire is extensive, students shall be taken to an alternate location for protective custody until parents/guardians can pick them up or until they can be safely transported to their homes.

18. Gangs – BP 5136

The Governing Board desires to keep district schools free from the threats or harmful influence of any groups or gangs which exhibit drug use, violence or disruptive behavior. The Superintendent or designee shall take steps to deter gang intimidation of students and staff and confrontations between members of different gangs. He/she shall exchange information and establish mutually supportive efforts with local law enforcement authorities.

The Superintendent or designee shall provide inservice training which helps staff to identify gangs and gang symbols, recognize early manifestations of disruptive activities, and respond appropriately to gang behavior. Staff shall be informed about conflict management techniques and alerted to intervention measures and community resources.

The Board realizes that students become involved in gangs for many reasons, such as peer pressure, the need for a sense of belonging, and lack of refusal skills. Age-appropriate gang violence prevention education shall start with students in the early elementary grades and may start in kindergarten.

To further discourage the influence of gangs, the Superintendent or designee shall ensure that school rules of conduct and any school dress code prohibiting gang-related apparel are enforced consistently. If a student exhibits signs of gang affiliation, staff shall so inform the parent/guardian.

19. Gangs - AR - 5136

Prevention and Intervention Measures

In order to discourage the influence of gangs, school staff shall take the following measures:

1. Any student displaying behavior, gestures, apparel or paraphernalia indicative of gang affiliation shall be referred to the principal or designee.

a. The student's parent/guardian shall be contacted and may be asked to meet with school staff.

b. The student may be sent home to change clothes if necessary.

2. Staff members shall be provided with the names of known gang members.

3. Students who seek help in rejecting gang associations may be referred to community-based gang suppression and prevention organizations.

4. Any gang graffiti on school premises shall be removed, washed down or painted over as soon as discovered.

a. Daily checks for graffiti shall be made throughout the campus.

b. Graffiti shall be photographed before it is removed. These photographs shall be shared with local law enforcement authorities and used in future disciplinary or criminal action against the offenders.

5. Classroom and after-school programs at each school shall be designed to enhance individual self-esteem, provide positive reinforcement for acceptable behavior, and foster interest in a variety of constructive activities. These programs shall also:

a. Explain the dangers of gang membership

b. Provide counseling for targeted at-risk students

c. Include lessons or role-playing workshops in gang avoidance skills and nonviolent conflict resolution, including communication skills, anger management, ethnic/cultural tolerance, and mediation skills

d. Assign individual gang members to cooperative learning groups in which they may work toward common goals with students who are not members of their gang

e. Provide school-to-career instruction

f. Provide positive interaction with local law enforcement staff

Gang prevention lessons may be taught jointly by teachers and law enforcement staff.

6. Staff shall actively promote membership in authorized student organizations which can provide students companionship, safety, and a sense of purpose and belonging, including:

a. Positive sports and cultural activities and affiliations with the local community

b. Structured, goal-oriented community service projects

Community Outreach

Gang prevention classes or counseling offered for parents/guardians shall address the following topics:

- 1. The dangers of gang membership
- 2. Warning signs which may indicate that children are at risk of becoming involved with gangs
- 3. The nature of local gang apparel and graffiti
- 4. Effective parenting techniques
- 5. Conflict resolution techniques
- Community programs shall address:
- 1. The scope and nature of local gang problems
- 2. Strategies by which each segment of the community may alleviate gang problems

20. Hate Motivated Behavior - BP 5145.9

The Governing Board is committed to providing a safe learning environment that protects students from discrimination, harassment, intimidation, bullying, and other behavior motivated by a person's hostility towards another person's real or perceived ethnicity, national origin, immigrant status, sex, gender, sexual orientation, religious belief, age, disability, or any other physical or cultural characteristic. The Superintendent or designee shall design strategies to promote harmonious relationships among students, prevent incidents of hate-motivated behavior to the extent possible, and address such incidents if they occur.

The Superintendent or designee shall collaborate with regional programs and community organizations to promote safe environments for youth. Such collaborative efforts shall focus on ensuring an efficient use of district and community resources, developing effective prevention strategies and response plans, providing assistance to students affected by hate-motivated behavior, and/or educating students who have perpetrated hate-motivated acts.

The district shall provide students with age-appropriate instruction that includes the development of social-emotional learning, promotes their understanding of and respect for human rights, diversity, and acceptance in a multicultural society, and provides strategies to manage conflicts constructively.

As necessary, the district shall provide counseling, guidance, and support to students who are victims of hate-motivated behavior and to students who exhibit such behavior.

The Superintendent or designee shall ensure that the rules prohibiting hate-motivated behavior and procedures for reporting a hatemotivated incident are provided to students and parents/guardians.

The Superintendent or designee shall provide staff with training on recognizing and preventing hate-motivated behavior and on effectively enforcing rules for appropriate student conduct.

Complaint Process

A student or parent/guardian who believes the student is a victim of hate-motivated behavior is strongly encouraged to report the incident to a teacher, the principal, or other staff member.

Any staff member who is notified that hate-motivated behavior has occurred, observes such behavior, or otherwise becomes aware of an incident shall immediately contact the principal or the compliance officer responsible for coordinating the district's response to complaints and complying with state and federal civil rights laws. As appropriate, he/she shall also contact law enforcement.

Any complaint of hate-motivated behavior shall be investigated and, if determined to be discriminatory, shall be resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures. If, during the investigation, it is determined that a complaint is about nondiscriminatory behavior, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

Policy PLEASANT VIEW ELEMENTARY SCHOOL DISTRICT

adopted: June 19, 2018 Porterville, California

21. Nondiscrimination/Harassment - BP 5145.3

The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities. Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code <u>48900.4</u>. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools.

Measures to Prevent Discrimination

To prevent unlawful discrimination, including discriminatory harassment, intimidation, retaliation, and bullying, of students at district schools or in school activities and to ensure equal access of all students to the educational program, the Superintendent or designee shall implement the following measures:

1. Publicize the district's nondiscrimination policy and related complaint procedures, including the coordinator/compliance officer's contact information, to students, parents/guardians, employees, volunteers, and the general public by posting them on the district's web site and other prominent locations and providing easy access to them through district-supported social media, when available.

2. Post in a prominent and conspicuous location on the district and school web sites information regarding Title IX prohibitions against discrimination based on a student's sex, gender, gender identity, pregnancy, and parental status, including the following: (Education Code <u>221.61</u>)

a. The name and contact information of the district's Title IX coordinator, including the phone number and email address

b. The rights of students and the public and the responsibilities of the district under Title IX, including a list of rights as specified in Education Code 221.8 and web links to information about those rights and responsibilities located on the web sites of the Office for Equal Opportunity and the U.S. Department of Education's Office for Civil Rights (OCR)

c. A description of how to file a complaint of noncompliance with Title IX in accordance with AR 1312.3 - Uniform Complaint Procedures, which shall include:

(1) An explanation of the statute of limitations within which a complaint must be filed after an alleged incident of discrimination has occurred and how a complaint may be filed beyond the statute of limitations

(2) An explanation of how the complaint will be investigated and how the complainant may further pursue the complaint, including web links to this information on the OCR's web site

(3) A web link to the OCR complaints form and the contact information for the office, including the phone number and email address for the office

3. Provide to students a handbook that contains age-appropriate information that clearly describes the district's nondiscrimination policy, procedures for filing a complaint, and resources available to students who feel that they have been the victim of any such behavior. (Education Code 234.1)

4. Annually notify all students and parents/guardians of the district's nondiscrimination policy, including its responsibility to provide a safe, nondiscriminatory school environment for all students, including transgender and gender-nonconforming students. The notice shall inform students and parents/guardians that they may request to meet with the compliance officer to determine how best to accommodate or resolve concerns that may arise from the district's implementation of its nondiscrimination policies. The notice shall also inform all students and parents/guardians that, to the extent possible, the district will address any individual student's interests and concerns in private.

5. The Superintendent or designee shall ensure that students and parents/guardians, including those with limited English proficiency, are notified of how to access the relevant information provided in the district's nondiscrimination policy and related complaint procedures, notices, and forms in a language they can understand.

If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning nondiscrimination shall be translated into that language in accordance with Education Code <u>234.1</u> and <u>48985</u>. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

6. Provide to students, employees, volunteers, and parents/guardians age-appropriate training and information regarding the district's nondiscrimination policy; what constitutes prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying; how and to whom a report of an incident should be made; and how to guard against segregating or stereotyping students when providing instruction, guidance, supervision, or other services to them. Such training and information shall include details of guidelines the district may use to provide a discrimination-free environment for all district students, including transgender and gender-nonconforming students.

7. At the beginning of each school year, inform school employees that any employee who witnesses any act of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, against a student is required to intervene if it is safe to do so. (Education Code <u>234.1</u>)

8. At the beginning of each school year, inform each principal or designee of the district's responsibility to provide appropriate assistance or resources to protect students from threatened or potentially discriminatory behavior and ensure their privacy rights.

Enforcement of District Policy

The Superintendent or designee shall take appropriate actions to reinforce BP 5145.3 - Nondiscrimination/Harassment. As needed, these actions may include any of the following:

1. Removing vulgar or offending graffiti

2. Providing training to students, staff, and parents/guardians about how to recognize unlawful discrimination, how to report it or file a complaint, and how to respond

3. Disseminating and/or summarizing the district's policy and regulation regarding unlawful discrimination

4. Consistent with laws regarding the confidentiality of student and personnel records, communicating to students, parents/guardians, and the community the school's response plan to unlawful discrimination or harassment

5. Taking appropriate disciplinary action against students, employees, and anyone determined to have engaged in wrongdoing in violation of district policy, including any student who is found to have filed a complaint of discrimination that he/she knew was not true

Process for Initiating and Responding to Complaints

Any student who feels that he/she has been subjected to unlawful discrimination described above or in district policy is strongly encouraged to immediately contact the compliance officer, principal, or any other staff member. In addition, any student who observes any such incident is strongly encouraged to report the incident to the compliance officer or principal, whether or not the alleged victim files a complaint.

Any school employee who observes an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, or to whom such an incident is reported shall report the incident to the compliance officer or principal within a school day, whether or not the alleged victim files a complaint.

Any school employee who witnesses an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When a verbal report of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, is made to or received by the principal or compliance officer, he/she shall make a note of the report and encourage the student or parent/guardian to file the complaint in writing, pursuant to the provisions in AR 1312.3 - Uniform Complaint Procedures. Once notified verbally or in writing, the principal or compliance officer shall begin the investigation and shall implement immediate measures necessary to stop the discrimination and ensure that all students have access to the educational program and a safe school environment. Any interim measures adopted to address unlawful discrimination shall, to the extent possible, not disadvantage the complainant or a student who is the victim of the alleged unlawful discrimination.

Any report or complaint alleging unlawful discrimination by the principal, compliance officer, or any other person to whom a report would ordinarily be made or complaint filed shall instead be made to or filed with the Superintendent or designee who shall determine how the complaint will be investigated.

Transgender and Gender-Nonconforming Students

Gender identity of a student means the student's gender-related identity, appearance, or behavior as determined from the student's internal sense of his/her gender, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth. (Education Code 210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

Transgender student means a student whose gender identity is different from the gender he/she was assigned at birth.

Regardless of whether they are sexual in nature, acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, or that have the purpose or effect of producing a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment are prohibited. Examples of the types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with his/her gender identity

2. Disciplining or disparaging a student or excluding him/her from participating in activities for behavior or appearance that is consistent with his/her gender identity or that does not conform to stereotypical notions of masculinity or femininity, as applicable

3. Blocking a student's entry to the restroom that corresponds to his/her gender identity

4. Taunting a student because he/she participates in an athletic activity more typically favored by a student of the other sex

5. Revealing a student's transgender status to individuals who do not have a legitimate need for the information, without the student's consent

6. Use of gender-specific slurs

7. Physical assault of a student motivated by hostility toward him/her because of his/her gender, gender identity, or gender expression

The district's uniform complaint procedures (AR 1312.3) shall be used to report and resolve complaints alleging discrimination against transgender and gender-nonconforming students.

Examples of bases for complaints include, but are not limited to, the above list, as well as improper rejection by the district of a student's asserted gender identity, denial of access to facilities that correspond with a student's gender identity, improper disclosure of a student's transgender status, discriminatory enforcement of a dress code, and other instances of gender-based harassment.

To ensure that transgender and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. Right to privacy: A student's transgender or gender-nonconforming status is his/her private information and the district shall only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. In any case, the district shall only allow disclosure of a student's personally identifiable information to employees with a legitimate educational interest as determined by the district pursuant to 34 CFR <u>99.31</u>. Any district employee to whom a student's transgender or gender-nonconforming status is disclosed shall keep the student's information confidential. When disclosure of a student's gender identity is made to a district employee by a student, the employee shall seek the student's permission to notify the compliance officer. If the student's information pursuant to this administrative regulation, and shall inform the student that honoring the student's request may limit the district's ability to meet the student's needs related to his/her status as a transgender or gender-nonconforming student. If the student permits the employee to notify the compliance officer, the employee shall do so within three school days.

As appropriate given the student's need for support, the compliance officer may discuss with the student any need to disclose the student's transgender or gender-nonconformity status or gender identity or gender expression to his/her parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.

2. Determining a Student's Gender Identity: The compliance officer shall accept the student's assertion of his/her gender identity and begin to treat the student consistent with his/her gender identity unless district personnel present a credible and supportable basis for believing that the student's assertion is for an improper purpose.

3. Addressing a Student's Transition Needs: The compliance officer shall arrange a meeting with the student and, if appropriate, his/her parents/guardians to identify and develop strategies for ensuring that the student's access to education programs and activities is maintained. The meeting shall discuss the transgender or gender-nonconforming student's rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the compliance officer shall identify specific school site employee(s) to whom the student may report any problem related to his/her status as a transgender or gender-nonconforming individual, so that prompt action can be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the arrangements for the student are meeting his/her educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.

4. Accessibility to Sex-Segregated Facilities, Programs, and Activities: When the district maintains sex-segregated facilities, such as restrooms and locker rooms, or offers sex-segregated programs and activities, such as physical education classes, intermural sports,

and interscholastic athletic programs, students shall be permitted to access facilities and participate in programs and activities consistent with their gender identity. To address any student's privacy concerns in using sex-segregated facilities, the district shall offer available options such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, access to a staff member's office, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because he/she is transgender or gender-nonconforming. In addition, a student shall be permitted to participate in accordance with his/her gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in a sex-segregated activity in accordance with his/her gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.

5. Student Records: A student's legal name or gender as entered on the mandatory student record required pursuant to 5 CCR <u>432</u> shall only be changed with proper documentation. However, at the written request of a student or, if appropriate, his/her parents/guardians, the district shall use the student's preferred name and pronouns consistent with his/her gender identity on all other district-related documents. Such preferred name may be added to the student's record and official documents as permitted by law.

6. Names and Pronouns: If a student so chooses, district personnel shall be required to address the student by a name and the pronouns consistent with his/her gender identity, without the necessity of a court order or a change to his/her official district record. However, inadvertent slips or honest mistakes by district personnel in the use of the student's name and/or consistent pronouns will, in general, not constitute a violation of this administrative regulation or the accompanying district policy.

7. Uniforms/Dress Code: A student has the right to dress in a manner consistent with his/her gender identity, subject to any dress code adopted on a school site.

23. Notification of Dangerous Pupils - BP 4158, 4258, 4358

The Governing Board desires to provide a safe and orderly work environment for all employees. As part of the district's comprehensive safety plan, the Superintendent or designee shall develop strategies for protecting employees from potentially dangerous persons and situations and for providing necessary assistance and support when emergency situations occur.

Any employee against whom violence or any threat of violence has been directed in the workplace shall notify the Superintendent or designee immediately. As appropriate, the Superintendent or designee shall initiate legal and security measures to protect the employee and others in the workplace.

The Superintendent or designee may pursue legal action on behalf of an employee against a student or his/her parent/guardian to recover damages to the employee or his/her property caused by the student's willful misconduct that occurred on district property, at a school or district activity, or in retaliation for lawful acts of the employee in the performance of his/her duties. (Education Code <u>48904</u>, <u>48905</u>)

The Superintendent or designee shall ensure that employees receive training in crisis prevention and intervention techniques in order to protect themselves and students. Staff development may include training in classroom management, effective communication techniques, procedures for responding to an active shooter situation, and crisis resolution.

The Superintendent or designee also shall inform teachers, in accordance with law, of crimes and offenses committed by students who may pose a danger in the classroom. (Education Code <u>48201</u>, <u>49079</u>; Welfare and Institutions Code <u>827</u>)

The Superintendent or designee may make available at appropriate locations, including, but not limited to, district and school offices, gyms, and classrooms, communication devices that would enable two-way communication with law enforcement and others when emergencies occur.

Use of Pepper Spray

Employees shall not carry or possess pepper spray on school property or at school activities, except when authorized by the Superintendent or designee for self-defense purposes. When allowed, an employee may only possess pepper spray in accordance with administrative regulations and Penal Code 22810. Any employee who is negligent or careless in the possession or handling of pepper spray shall be subject to appropriate disciplinary measures.

Reporting of Injurious Objects

The Board requires employees to take immediate action upon being made aware that any person is in possession of a weapon or unauthorized injurious object on school grounds or at a school-related or school-sponsored activity. The employee shall use his/her own judgment as to the potential danger involved and shall do one of the following:

1. Confiscate the object and deliver it to the principal immediately

2. Immediately notify the principal, who shall take appropriate action

3. Immediately call 911 and the principal

When informing the principal about the possession or seizure of a weapon or dangerous device, the employee shall report the name(s) of persons involved, witnesses, location, and the circumstances of any seizure.

24. Employee Security - AR 4158, 4258, 4358

An employee may use reasonable and necessary force for self-defense or defense of another person, to quell a disturbance threatening physical injury to others or damage to property, or to obtain possession of weapons or other dangerous objects within the control of a student. (Education Code <u>44807</u>, <u>49001</u>)

An employee shall promptly report to the principal or other immediate supervisor any attack, assault, or physical threat made against him/her by a student or by any other individual in relation to the employee's performance of his/her duties, and any action the employee took in response. When appropriate, the employee and the principal or other immediate supervisor shall report the incident to law enforcement.

Reports of attack, assault, or threat shall be forwarded immediately to the Superintendent or designee.

Notice Regarding Student Offenses Committed While Under School Jurisdiction

The Superintendent or designee shall inform the teacher(s) of each student who, during the previous three school years, has engaged in or is reasonably suspected to have engaged in any act, except the possession or use of tobacco products, that would constitute a ground for suspension or expulsion as specified in AR 5144.1 - Suspension and Expulsion/Due Process. This information shall be based upon district records maintained in the ordinary course of business or records received from a law enforcement agency. (Education Code <u>49079</u>)

Upon receiving a transfer student's record regarding acts committed by the student that resulted in his/her suspension or expulsion, the Superintendent or designee shall inform the student's teacher(s) that the student was suspended from school or expelled from his/her former district and of the act that resulted in the suspension or expulsion. (Education Code <u>48201</u>)

Information received by teacher(s) shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher. (Education Code <u>49079</u>)

Notice Regarding Student Offenses Committed While Outside School Jurisdiction

When a minor student has been found by a court of competent jurisdiction to have illegally used, sold, or possessed a controlled substance or committed specified crimes involving serious acts of violence, the district police or security department may provide written notification to the Superintendent. (Welfare and Institutions Code <u>828.1</u>)

When informed by the court that a minor student has been found by a court to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Penal Code <u>290</u>, assault or battery, larceny, vandalism, or graffiti, the Superintendent or designee shall so inform the school principal. (Welfare and Institutions Code <u>827</u>)

The principal shall disseminate this information to any counselor who directly supervises or reports on the student's behavior or progress. The principal shall also inform any teacher or administrator directly supervising or reporting on the student's behavior or progress whom he/she thinks may need the information so as to work with the student appropriately, avoid being needlessly vulnerable, or protect others from vulnerability. (Welfare and Institutions Code <u>827</u>)

Any court-initiated information that a teacher, counselor, or administrator receives shall be kept confidential and used only to rehabilitate the student and protect other students and staff. The information shall be further disseminated only when communication with the student, parent/guardian, law enforcement staff, and probation officer is necessary to rehabilitate the student or to protect students and staff. (Welfare and Institutions Code <u>827</u>)

When a student is removed from school as a result of his/her offense, the Superintendent shall hold the court's information in a separate confidential file until the student is returned to the district. If the student is returned to a different district, the Superintendent shall transmit the information provided by the student's parole or probation officer to the superintendent of the new district of attendance. (Welfare and Institutions Code <u>827</u>)

Any confidential file of court-initiated information shall be kept until the student becomes 18, graduates from high school, or is released from juvenile court jurisdiction, whichever occurs first, and shall then be destroyed. (Welfare and Institutions Code <u>827</u>)

Procedures to Maintain Confidentiality of Student Offenses

In order to maintain confidentiality when providing information about student offenses to counselors and teachers of classes/programs to which a student is assigned, the principal or designee shall send the staff member a written notification that one of his/her students has committed an offense that requires his/her review of a student's file in the school office. This notice shall not name or otherwise identify the student. The staff member shall be asked to initial the notification and return it to the principal or designee. He/she shall also initial the student's file when reviewing it in the school office.

Use of Pepper Spray

The Superintendent or designee shall notify employees of the district's policy prohibiting the possession of pepper spray on school property or at school-related activities without prior approval of the Superintendent or designee. Employees wishing to carry pepper spray shall submit to the Superintendent or designee a written request setting forth the need for the pepper spray. The Superintendent or designee shall notify the employee in writing as to whether the request was approved or denied.

When approving an employee's request, the Superintendent or designee shall inform the employee of the following conditions:

1. The pepper spray shall be used only in self-defense.

2. An employee who uses pepper spray other than in self-defense shall be subject to disciplinary action by the district and, in accordance with law, a fine and/or imprisonment.

3. The pepper spray must be stored in a secure place and not be accessible to students or other individuals. Negligent storage of the pepper spray may subject the employee to disciplinary action.

Regulation PLEASANT VIEW ELEMENTARY SCHOOL DISTRICT

approved: June 19, 2018 Porterville, California

25. School Safety and Security - BP 3515

The Governing Board is committed to providing a school environment that promotes the safety of students, employees, and visitors to school grounds. The Board also recognizes the importance of protecting district property, facilities, and equipment from vandalism and theft.

The Superintendent or designee shall develop campus security procedures which are consistent with the goals and objectives of the district's comprehensive safety plan and site-level safety plans. Such procedures shall be regularly reviewed to reflect changed circumstances and to assess their effectiveness in achieving safe school objectives.

Surveillance Systems

The Board believes that reasonable use of surveillance cameras will help the district achieve its goals for campus security. In consultation with the safety planning committee and relevant staff, the Superintendent or designee shall identify appropriate locations for the placement of surveillance cameras. Cameras shall not be placed in areas where students, staff, or community members have a reasonable expectation of privacy. Any audio capability on the district's surveillance equipment shall be disabled so that sounds are not recorded.

Prior to the operation of the surveillance system, the Superintendent or designee shall ensure that signs are posted at conspicuous locations at affected school buildings and grounds. These signs shall inform students, staff, and visitors that surveillance may occur and shall state whether the district's system is actively monitored by school personnel. The Superintendent or designee shall also

provide prior written notice to students and parents/guardians about the district's surveillance system, including the locations where surveillance may occur, explaining that the recordings may be used in disciplinary proceedings, and that matters captured by the camera may be referred to local law enforcement, as appropriate.

To the extent that any images from the district's surveillance system create a student or personnel record, the Superintendent or designee shall ensure that the images are accessed, retained, and disclosed in accordance with law, Board policy, administrative regulation, and any applicable collective bargaining agreements.

Home to School Transportation Plan Pleasant View Elementary School District

BACKGROUND INFORMATION

Home-to-School (HTS) Transportation Reimbursement was implemented by Assembly Bill (AB) 181 (Chapter 52, Statutes of 2022) and amended by AB 185 (Chapter 571, Statutes of 2022). It provides reimbursement funding for school districts and county offices of education (COEs) based on the prior year eligible transportation expenditures and prior year Local Control Funding Formula (LCFF) transportation related add-on funding. **Source:** <u>https://www.cde.ca.gov/ls/tn/tr/</u>

Current Transportation Services

Pleasant View Elementary School District is a single-school district that currently operates four (4) full size buses (72 to 84 passenger capacities). In addition, the district has a two (1) passenger vehicles with a capacity of eight (8). For the 2021-2022 year mileage for buses only was as follows:

Home to School Transportation:	11,867
	4 700

Field Trips and Sports: <u>1,709</u>

Total 13,576

The district currently has seven (3) employees who possess a California School Bus Driver's License. This allows the district to continue to provide transportation for all, even in the event of illness and short/long term absence.

Before each school year, the Governing Board approves a bus stop map for the community of Poplar. In addition, route maps are made for each of the routes listed below.

The current number of students eligible for services: 322 (76%)

The current number of students ineligible based on residence outside of district: 100 (24%)

Routes

The district currently runs the following regular routes (modified if necessary):

AM - Three large buses operated in the morning

PM (TK – Eighth Grade) – Three large buses

After School Bus (3 Days per Week) – Two large buses

The district provides transportation for local learning trips and extracurricular events that have a radius within sixty (60) miles. Trips exceeding this distance are generally chartered through an approved agency.

Interdistrict and State Preschool

Transportation is currently offered to ALL students who leave within the boundaries of the Pleasant View Elementary School District. Students who leave outside the district and/or our members of the Pleasant View Elementary State Preschool (designated pickup and drop-off point) program must provide their own transportation. The district also offers transportation to students with physical disabilities or who need modifications (i.e. temperature regulation, wheelchair lift, etc.).

Students with Disabilities & Homeless Youth

All Pleasant View students including those with disabilities, and homeless children and youth will be provided transportation services. The district runs bus routes throughout the entire school district. Students who have disabilities are afforded specialized transportation as needed, and staff are assigned to work with students if they have a special need regarding transportation to and/or from school .Students who qualify as homeless under the federal McKinney-Vento Homeless Assistance Act and who moved out of the district will be provided transportation options that are in the best interest of the students. These options include, but are not limited to the following:

- Transportation provided by the district
- Mileage or Allocation for Family to provide self-transportation
- Contracting with Private Agency to provide transportation

Unduplicated Students

All students living in the district, including unduplicated pupils, are offered free transportation on district buses. Buses perform their routes throughout the entire district each day prior to the start of school and then again at the close of the school day. If students are involved in extracurricular activities or are enrolled in an after school intervention program transportation is provided on the after school bus.

Fees

All transportation services are free of charge to all residence eligible students including Unduplicated Students – defined as students who are low socio-economic, English Learners, or Foster/Homeless Youth.

Services

Pleasant View Elementary drivers are well known to ensure the safety of all students. This has been done by developing positive relationships with families and students. It is our goal that all drivers can identify every student by name. It is a Pleasant View Elementary best practice to make sure Kindergarten age students always have an older sibling or adult present during drop-off. Students in Kindergarten through Third Grade who residence is in the country are brought back to school or the school office is notified if (a) no parent/adult or older sibling are present; (b) there is an unusual setting/unfamiliar vehicles; or (c) the student(s) express an uneasiness to departing the bus.

LOCAL AIR POLLUTION CONTROL DISTRICTS AND AIR QUALITY MANAGEMENT DISTRICTS

The transportation team at Pleasant View Elementary are instructed to abide by transportation law and district polices. This includes, but is not limited to ...

- Turning off their buses at bus stops and not allowing buses to idle for over 30 seconds.
- Inspecting buses daily to ensure that both regular maintenance and issues are addressed in a timely manner.
- Emission testing is conducted annually.

- Bus routes are designed to minimize the number of miles traveled in order to decrease fuel consumption and carbon emissions.
- Minimize number of students on busses based on drop-offs
- Amend routes, if needed, as students move into and out of the district.

AGENCY AGREEMENT

THIS AGREEMENT, is entered into between the Pleasant View School District, referred to as DISTRICT and Tulare County Superintendent of Schools, referred to as SUPERINTENDENT.

ACCORDINGLY, IT IS AGREED:

- 1. **TERM:** This Agreement shall become effective as July 1, 2022 of and shall expire on June 30, 2023.
- 2. SERVICES: SUPERINTENDENT shall provide services as set forth: (See attach Exhibit A, Exhibit B and Exhibit C for details. The Exhibit A, Exhibit B and Exhibit C are made part of this Agreement by reference.)
- 3. COST OF SERVICES: DISTRICT shall pay SUPERINTENDENT the actual cost of such services to the extent they are allowable not to exceed the sum of \$21,487.79 (CASH MATCH funds noted on Exhibit C).

4. METHOD OF PAYMENT:

a. **SUPERINTENDENT** must submit itemized invoices to **DISTRICT** for the cost of the services.

b. **SUPERINTENDENT** is responsible for maintaining verifiable records for all expenditures.

- 5. INDEMNIFICATION: SUPERINTENDENT and DISTRICT shall hold each other harmless, defend and indemnify their respective agents, officers and employees from and against any liability, claims, actions, costs, damages or losses of any kind, including death or injury to any person and/or damage to property, arising out of the activities of SUPERINTENDENT or DISTRICT or their agents, officers and employees under this Agreement. This indemnification shall be provided by each party to the other party regarding its own activities undertaken pursuant to this Agreement, or as a result of the relationship thereby created, including any claims that may be made against either party by any taxing authority asserting that an employer-employee relationship exists by reason of this Agreement, or any claims made against either party alleging civil rights violations by such party under Government Code section 12920 et seq. (California Fair Employment and Housing Act). This indemnification obligation shall continue beyond the term of this Agreement as to any acts or omissions occurring under this Agreement or any extension of this Agreement.
- 6. **TERMINATION:** Either party may terminate this Agreement without cause by giving thirty (30) calendar days advance written notice to the other party.

THE PARTIES, having read and considered the above provisions, indicate their agreement by their authorized signatures below.

SCOPE OF SERVICES

1. RESPONSIBILITIES OF SUPERINTENDENT:

This Agency Agreement will cover operation by SUPERINTENDENT of a California Department of Education (CDE) grant-funded After School Safety and Education (ASES) Program. The purpose of the ASES Program is to create incentives for establishing locally driven Expanded Learning programs, including after school programs that partner with public schools and communities to provide academic and literacy support, and safe, constructive alternatives for youth. The CDE ASES Program involves collaboration among parents, youth, and representatives from schools, governmental agencies, individuals from community-based organizations, and the private sector. SUPERINTENDENT will provide an ASES after school program, commonly referred to as the *CHOICES After-School Program* or CASP, every day the school district is in session at the following school(s):

Pleasant View Elementary School

SUPERINTENDENT requires each Principal representing the school sites listed above to review the **Principal's Acknowledgment** in **Exhibit B.**

Any DISTRICT requesting to change program offerings (e.g., enrollment capacity, days of operation, addition of sites) must submit a request to SUPERINTENDENT in writing. Upon receipt, SUPERINTENDENT will review the request to ensure it is compliant with the CDE-funded ASES grant and aligned to Education Code sections 8482 – 8484.65. SUPERINTENDENT will obtain appropriate approval(s) from the California Department of Education (CDE) on behalf of the DISTRICT when applicable.

1. After School Program Content and Requirements

SUPERINTENDENT will provide a program in compliance with Education Code sections 8482 – 8484.65; therefore, CASP will, at minimum, provide:

- a. An educational and literacy component whereby tutoring or homework assistance is provided in one or more of the following areas: language arts, mathematics, history and social science, computer training, or science.
- b. An educational enrichment component, which may include, but is not limited to fine arts, recreation, physical fitness, and prevention activities. Such activities might involve the arts, music, physical activity, health promotion, and general recreation, community service-learning, and other youth development activities based on student needs and interests.
- c. CASP operation hours are Monday through Friday until at least 6:00 p.m. on regular school days, including minimum days. Some program closing times will exceed 6:00 p.m. when DISTRICT student dismissal is after 3:00 p.m.
 All programs must operate a minimum of fifteen (15) hours per week.
- d. SUPERINTENDENT will establish and employ a reasonable Early Release Policy, which meets all criteria set forth by the CDE.
- e. No student may attend the CASP who is not enrolled and attending the school site qualified to receive ASES funding.

2. Kindergarten Enrollment

If the DISTRICT determines that students in kindergarten are not developmentally ready or ageappropriate to meet daily attendance requirements and/or their participation may present safety issues, *a statement stating so must be submitted to SUPERINTENDENT* via the TCOE CHOICES Office *before* the beginning of each school year. Initiating this modification to student participants is recognized by the California Department of Education as a locally driven decision.

3. Attendance Requirements

Daily attendance goals are set at one hundred percent (100%). The *minimum* average daily attendance (ADA) over the course of a calendar year, however, must be **no less than eighty-five percent (85%)** of the maximum student attendance possible in order to sustain a consistent level of funding as provided by the CDE ASES grant. A calendar year is defined as January through December.

- SUPERINTENDENT will review attendance projections with DISTRICT and Site Principal for the upcoming school year no later than **May** of every year.
- Should site attendance projections suggest a program will average <u>less than eighty-five</u> <u>percent</u> (85%) of the maximum target; SUPERINTENDENT will coordinate efforts with the school principal and the California Teaching Fellows Foundation to develop a plan for increasing and sustaining student attendance.

4. After School Program Personnel and Volunteers

SUPERINTENDENT will be responsible for coordinating all matters regarding personnel in partnership with California Teaching Fellows Foundation. Employees will be subject to background check and tuberculosis clearance before being placed at school sites. Employees will meet qualifications that ensure "highly qualified" status, in compliance with California

Education Code and aligned to Tulare County Office of Education and/or school district policy. Under the direction of, and in partnership with, the TCOE and the California Teaching Fellows Foundation will conduct staff recruitment, hiring, scheduling and placement of after school line staff at all program locations.

All volunteers participating in CASP will provide their volunteer services through the TCOE and are required to fulfill health screening and fingerprint clearance requirements in current law and in compliance with school district policy (*EC* Section 8483.4).

5. Program Match: In-Kind and Cash Match Contribution Requirements

The ASES Program Education Code **requires** a local match (cash or in-kind services) of one-third of the state grant amount from the school district, governmental agencies, community organizations, or the private sector for each dollar expended in grant funds (*EC* Section 8483.7[a][7]). Facilities or space usage may not fulfill more than 25 percent of the required local contribution (*EC* Section 8483.7[a][7]). State categorical funds for remedial education are not allowed to be used as a local match (*EC* Section 8483.7[b]). Examples of allowable in-kind donations include low cost or free meeting space, Principal's time, snacks, supplies, teacher's time and expertise, etc. In any Fiscal Year, when a program receives state funds, but does not secure adequate matching funds, there may be a determination that an overpayment has occurred. In this case, repayment of the overpayment funds to the CDE will be required as well as any other obligations as set forth in *EC* Section 8483.8. For example:

EXAMPLE ONL	Y		
ASES Grant Award Amount	Match Requirement: 33% of grant amount	Cash Match 32% of the 33%	In-Kind 68% of the 33%
\$150,000.00	\$49,500	\$15,840.00	\$33,660.00
\$132,636.72	\$43,770.12	\$14,006.44	\$29,763.68

In compliance with the ASES grant and Education Code, the DISTRICT will commit to contributing an annual in-kind and cash contribution of not less than a third of a school site's grant award through cash and / or in-kind services. DISTRICT is responsible for determining if funds are eligible for use as match for the ASES grant and ensuring transactions are audit-compliant to state and Federal programs. SUPERINTENDENT assumes responsibility for communication with DISTRICT regarding in-kind balance. In order to maintain accurate records, in-kind reports will be processed monthly by SUPERINTENDENT. DISTRICT assumes responsibility to collaborate with DISTRICT personnel to submit in-kind reports on a monthly basis to DISTRICT Business Manager.

- DISTRICT cash match funds will be transferred quarterly by SUPERINTENDENT via the TCOE Internal Business Department. See Exhibit C for further information regarding cash match and specific cash match amounts.
- DISTRICT in-kind reports must be submitted monthly by DISTRICT to SUPERINTENDENT per the schedule listed under Responsibilities DISTRICT. Contributions will be tracked and monitored by the TCOE Internal Business Office.

6. Student Data and Evaluation

The DISTRICT agrees to cooperate with the annual evaluations of SUPERINTENDENT / CASP program. The DISTRICT agrees to provide in a timely fashion to SUPERINTENDENT and/or SUPERINTENDENT's evaluator all information necessary for completion of the program evaluation, including, but not limited to, school and CASP attendance information for each student by day, academic achievement, and test scores. The DISTRICT agrees to assist CASP in obtaining the permission of the students' parents or guardians to release the information to SUPERINTENDENT and/or the SUPERINTENDENT's evaluator. SUPERINTENDENT, the SUPERINTENDENT's evaluator, and the DISTRICT agree to protect the privacy of student information in a manner that would not identify individual students.

7. Safety on Campus After School

SUPERINTENDENT is committed to promoting the safety of all CASP participants, including staff, students and guests. SUPERINTENDENT will work collaboratively with DISTRICT to develop a modified plan for execution during the after school program that is aligned to the Crisis Response Plan and/or School Safety Plan used by the DISTRCT.

8. Requests for Change in Scope of Services

Requests for operational changes initiated by DISTRICT must receive approval by SUPERINTENDENT. Requests must be submitted to the CHOICES Office in writing *prior to* implementing any changes in program operation. Operational changes may include, but are not limited to the following:

- Increasing student Program capacity
- Increasing/decreasing number of operational Program days
- Increasing/decreasing Program hours
- School site locations to conduct Program

9. Insurance

TCOE will carry a minimum of one (1) million dollars in liability insurance coverage related to the operation of the CASP described here. A certificate of liability insurance, listing the DISTRICT as an additional insured by memorandum will be provided to the DISTRICT prior to the opening day of the after school program upon request.

10. Indemnification

SUPERINTENDENT and DISTRICT will hold each other harmless, defend and indemnify their respective agents, officers and employees from and against any liability, claims, actions, costs, damages or losses of any kind, including death or injury to any person and/or damage to property, arising out of the activities of SUPERINTENDENT or DISTRICT or their agents, officers and employees under this MOU. This indemnification will be provided by each party to the other party regarding its own activities undertaken pursuant to this MOU, or as a result of the relationship thereby created, including any claims that may be made against either party by any taxing authority asserting that an employer-employee relationship exists by reason of this MOU, or any claims made against either party alleging civil rights violation by such party under Government Code section 12920 et seq. (California Fair Employment and Housing Act). This

indemnification obligation will continue beyond the term of this MOU as to any acts or omissions occurring under this MOU or any extension of this MOU.

11. Termination

Termination of this MOU may be put in effect upon thirty (30) days written notice by DISTRICT to SUPERINTENTDENT. Depending on when a notice of termination is submitted or received, termination of services outlined in this MOU may not be immediately effective.

If notices by DISTRICT to SUPERINTENDENT are made at the end of the three-year grant cycle, services will terminate at the conclusion of that fiscal year. If notices by DISTRICT to SUPERINTENDENT are made during the three-year grant cycle, SUPERINTENDENT becomes obligated to relinquish funding for school(s) identified in this MOU to the California Department of Education. When the grant cycle for DISTRICT has concluded, DISTRICT may apply for ASES funds as a new grantee with the California Department of Education.

DISTRICT must contact the SUPERINTENDENT prior to submitting a notice of termination to ensure Education Code protocols are followed and that interruption of services to students is minimized or avoided.

2. RESPONSIBILITIES OF DISTRICT:

• DISTRICT in-kind reports must be submitted monthly by DISTRICT to SUPERINTENDENT per the schedule below. Contributions will be tracked and monitored by the TCOE Internal Business Office.

EXHIBIT B

PRINCIPAL ACKNOWLEDGEMENT OPERATION REQUIREMENTS

SUPERINTENDENT intends to provide DISTRICT students participating in CASP with an exceptional after school program by working in collaboration with representatives from schools, parents / guardians, youth, governmental agencies, individuals from community-based organizations and the private sector to provide academic and literacy support, and safe, constructive alternatives for youth.

In order to provide CASP, SUPERINTENDENT requires the following operational supports from DISTRICT:

PROFESSIONAL DEVELOPMENT

The ASES Program must provide staff with training and development (*EC* Section 8483.3[c][4]) and may provide a maximum of three staff development days per year during regular program hours using grant funds (*EC* Section 8483.7[a][1][J]). SUPERINTENDENT has elected to close the CASP for the following days for professional development purposes:

- Friday, October 7, 2022
- Friday, March 3, 2023

SAFETY

- Principal arranges for a student absence list, and/or early release from school list, to be released daily to the Family Engagement Facilitator Lead (FEF Lead).
- Principal promotes student safety after school by reviewing the site's current emergency procedures and evacuation plans with FEF Lead.
- Principal promotes student safety after school by requesting input from CASP staff including Facilitator, Specialist, and/or FEF Lead to ensure appropriate structures are in place to respond correctly during after school hours.
- CASP and Principal coordinate after school staff participation in site-based disaster response trainings that could affect student safety after school (e.g., phone system, emergency enforcement call list, etc.)
- CASP and Principal are aware of student participants' health and medical needs, as appropriate, and adjust staff training and activities as needed.
- CASP and Principal will calendar dates for emergency drills to be practiced after school.

SCHOOL ALIGNMENT

- Principal and FEF Lead identify students in the most need of an after school literacy program to establish a method for priority enrollment.
- Principal and FEF Lead ensure that school staff is informed of program activities
- FEF Lead is available to provide program updates at staff meetings with Principal.
- Principal communicates with CASP Facilitator and/or Manager if site-based instructional strategies/resources are requested for implementation after school (e.g., LEXIA, Thinking Maps strategies, PBIS, etc.).

OPERATION

- CASP operates a minimum of fifteen (15) hours per week.
- CASP operates Monday through Friday, <u>and</u> at least until 6:00 p.m. on regular school days, including minimum days. If dismissal is after 3:00 p.m., program closing will be after 6:00 p.m.
- CASP cannot enforce homework completion as a required program component.
- Kindergarten if students are not developmentally ready, or age-appropriate to meet daily attendance requirements, and/or their participation may present safety issues, the site administrator may opt not to serve kindergarten after school.
- Principal and FEF Lead will recruit student participants in order to achieve ADA goals.
- Principal and FEF Lead will coordinate efforts to fill student vacancies as soon as they occur to maximize ADA.
- Due to Covid-19, operation of program will follow District's protocol for instruction.

STAFF

- Principal may assist with recruitment of after school staff by encouraging qualified individuals to apply for existing vacancies and/or contacting a CHOICES supervisor.
- If concerns arise regarding performance of the staff assigned at the school site, Principal should promptly inform a CHOICES supervisor and/or the CHOICES office who will respond accordingly.

COMMUNICATION

- FEF Lead will immediately address any concerns with CHOICES and/or Teaching Fellows program supervisors on the part of parents, teachers, employees, students, or neighbors regarding the operation of CHOICES. If expressed concerns suggest potential threat to the safety of students, program staff, school staff and/or school property, the FEF Lead and/or CHOICES supervisor will communicate with the Principal immediately.
- Principal designates a mailbox for the program to receive school bulletins, notes, announcements, etc. If a mailbox is not available, a similar receptacle is sufficient.
- If email serves as the most effective form of communication between the school site and FEF Lead, it is recommended that a district email account be created for the FEF Lead in addition to their primary TCOE work email address. FEF Lead will be expected to follow all DISTRICT processes, policies and use agreements if provided an email address.
- FEF Lead obtains approval from Principal before posting printed communication for public display on campus or disseminating communication to parents.
- Principal can support program development and momentum by providing the FEF Lead with ongoing access to bulletin boards, school bulletins, newsletters, and other visual communication platforms visited by students, parents and guests of the school.

SCHOOL FACILITIES

 Principal identifies classrooms in good repair to be used for each 20-student class cluster prior to the first day of school/program.

- Principal designates a work area for the FEF Lead that allows them to perform computerbased tasks and to store and maintain student records required by the CDE.
- Principal designates storage area(s) for student supplies and materials that can be accessed by the FEF Lead before, during and after the program.
- Principal understands that, on occasion, CASP will request access to facilities such as the multi-purpose room for evening activities such as registration, parent meetings, etc.
- FEF Lead ensures that borrowed classrooms, workspaces, storage areas, or other areas CASP occupies will be kept free of debris or remnants of supplies from that day.
- FEF Lead will obtain Principal permission prior to using any classroom or other facility not previously identified for CASP use.
- CASP will be responsible for replacement of damaged or missing furnishings that have been damaged during after school hours by program staff or students.

PROGRAM COORDINATION

- Principal and FEF Lead will schedule meetings to occur on a regular basis to discuss program development.
- Principal coordinates with the FEF Lead on back-up plans for classroom placement in case of special activities, minimum days, open house, parent-teacher conferences, construction or repair work.
- Principal notifies FEF Lead of changes affecting program operation at least one week in advance.
- Principal and FEF Lead will coordinate a system for transition of student from the regular school day into the after school program.
- FEF Lead will provide Principal with a program schedule and appropriate contact information.
- Principal notifies FEF Lead of changes in facility access in the event a parallel activity will occur after school.
- FEF Lead notifies Principal of changes in program schedule and/or special events.
- CHOICES supervisors will be readily available to the Site Principal and FEF Lead to assist with program coordination when challenges arise unexpectedly.
- DISTRICT will communicate with the SUPERINTENDENT regarding all potential presentations and/or assemblies that take place during extended day programming at contracted site(s) within ten days of the event.

SNACK / SUPPER PROGRAMS

- Principal and FEF Lead coordinate a regular and appropriate location for students to be served and eat snacks/supper.
- If applicable, Principal agrees to snacks/supper being delivered to the site and stored for later use.
- DISTRICT Nutritional Services department will provide snacks/supper for program sites.
- DISTRICT ensures snack/supper is nutritious and meets the requirements set forth by the CDE in the Nutrition Standards for Snack After School.
- DISTRICT is responsible for providing storage for perishable food items at the school site.

• CASP staff will disseminate snack/supper according to the district's requirements, understanding they will be held responsible to demonstrate compliant procedures for the district's audit processes. CASP supervisors will seek guidance from the DISTRICT Nutrition Services department for serving guidelines to ensure compliance.

IN-KIND REPORTING

- Principal and FEF Lead will coordinate efforts to submit in-kind reports to DISTRICT Business Manager by established due dates noted above and on reports.
- Principal understands that if the in-kind/match goal is not met, DISTRICT will be responsible to provide a cash match for that amount.
- SUPERINTENDENT will provide DISTRICT and site administrators with in-kind report templates, assistance and balance information as necessary for efficient program operation.

ASES PROGRAM MATCH - DISTRICT CONTRIBUTION

The CDE-funded ASES Program requires a local match (cash and /or in-kind services) of onethird of the state grant amount from the school district, governmental agencies, community organizations, or the private sector for each dollar expended in grant funds (*EC* Section 8483.7[a][7]).

Facilities or space usage may not fulfill more than 25 percent of the required local contribution (*EC* Section 8483.7[a][7]), as shown in the "CDE ASES MATCH EXAMPLE" below. State categorical funds for remedial education may not be used as a local match (*EC* Section 8483.7[b]).

In any Fiscal Year, when a program receives state funds, but does not secure adequate matching funds, there may be a determination that an overpayment has occurred. In this case, repayment of the overpayment funds to the CDE will be required as well as any other obligations as set forth in *EC* Section 8483.8.

SUPERINTENDENT requests DISTRICT to contribute a cash match amount. Cash match will be collected quarterly by SUPERINTENDENT through the TCOE Internal Business Department, who will contact DISTRICT prior to funds being invoiced to determine funding source and funding amount. SUPERINTENDENT requests that the balance of the ASES Match requirement be met through in-kind services.

Examples of allowable in-kind donations include low cost or free meeting space (up to 25%), Principal's time, snacks, supplies, teacher's time, etc.

Community Engagement
Purpose and Requirements
An LEA's decisions about how to use its ESSER III funds will directly impact the students, families, and the local community, and thus the LEA's plan must be tailored to the specific needs faced by students and schools. These community members will have significant insight into what prevention and mitigation strategies should be pursued to keep students and staff safe, as well as how the various COVID–19 prevention and mitigation strategies impact teaching, learning, and day-to-day school experiences.
An LEA must engage in meaningful consultation with the following community members, as applicable to the LEA:
Students;
 Families, including families that speak languages other than English;
School and district administrators, including special education administrators;
• Teachers, principals, school leaders, other educators, school staff, and local bargaining units, as applicable.
"Meaningful consultation" with the community includes considering the perspectives and insights of each of the required community members in identifying the unique needs of the LEA, especially related to the effects of the COVID-19 pandemic. Comprehensive strategic planning will utilize these perspectives and insights to determine the most effective strategies and interventions to address these needs through the programs and services the LEA implements with its ESSER III funds.
Additionally, an LEA must engage in meaningful consultation with the following groups to the extent that they are present or served in the LEA:
Tribes;
 Civil rights organizations, including disability rights organizations (e.g. the American Association of People with Disabilities, the American Civil Liberties Union, National Association for the Advancement of Colored People, etc.); and
 Individuals or advocates representing the interests of children with disabilities, English learners, homeless students, foster youth, migratory students, children who are incarcerated, and other underserved students.
 For purposes of this requirement "underserved students" include:
 Students who are low-income.

Use of Any Remaining Funds
After completing the Strategies for Continuous and Safe In-Person Learning and the Addressing the Impact of Lost Instructional Time portions of the plan, the LEA may use any remaining ESSER III funds to implement additional actions to address students' academic, social, emotional, and mental health needs, as well as to address opportunity gaps, consistent with the allowable uses identified above in the Fiscal Requirements section of the Instructions. LEAs choosing to use ESSER III funds in this manner must provide the total amount of funds being used to implement actions, then complete the table as follows:
 If the action(s) are included in another plan, identify the plan and provide the applicable goal and/or action number from the plan. If the action(s) are not included in another plan, write "N/A".

Please describe the items that will be purchased with the funds

Originally our previously approved plan called for modernizing our Pleasant View West campus however after working with architects it was determined that some of the buildings identified in the prior scope qualified for earthquake mitigation funding due to being structurally deficient. The time and energy to pursue that additional funding will take longer than previously thought. So the district is proposing adding additional square footage in the form of a modular building at the Pleasant View Elementary campus to reduce class size and provide additional space for a classroom and tutoring/expanded learning opportunity lab. This would allow the elementary campus the space to socially distance students and provide space for additional cohorts if necessary. As well as provide the space necessary for learning loss recovery intervention grouping. The Elementary school site has limited pick up/drop off space at its site. The district is also proposing to add a parking lot to allow us to space students/parents and staff when coming and going to school to help with social distancing at arrival and dismissal times. This would also allow us to help keep cohorts separate at those times. This along with other funding would allow us to expand learning opportunities on an ongoing basis outside of the regular school day as well. As part of the original scope of the plan we would like to add moving walls into the open spaces between classrooms, so in times of need we can more easily place kids in cohorts. I have attached and highlighted the proposed costs to make these modifications.

Please describe how these purchases fit-in with the allowable uses of funds for either ESSER I, GEER I, ESSER II, and/or ESSER III:

These expenses are allowable under ESSER II and ESSER III, because they will increase the space available to reduce class sizes and provide small group intervention to address the substantial learning loss due to the pandemic. In addition, they will allow the district to more easily accommodate social distancing and cohorting students to mitigate the spread of Covid-19 in the school place.

Please describe how this purchase is reasonable, necessary, and allowable in accordance with Cost Principles found in 2 CFR 200.420-475:

These costs are reasonable and necessary to provide the school with a safe way to bring students and staff back on campus and maintain a sound educational environment free from major disruptions the pandemic has caused. The Pandemic is far from over and the school must be able to continue to look for ways to make sure its facilities are in a state that allow it to stay open. Prudence was used in making the decision to incur the cost, considering the districts responsibilities to its employees, the public, and the federal government. The district had numerous discussions with employee labor groups and at public board meetings to discuss and prioritize the potential use of funding. The district determined that these costs are necessary to carry out the objectives of the grant program or is recognized as an ordinary cost to operate the organization during the ongoing pandemic. The District has applied sound business practices; arm's-length bargaining federal, state, and other laws and regulations; and the terms and

PLEASANT VIEW FALCONS conditions of the award in making the decision. The price is comparable to that of the current fair market value for equivalent goods or services. In addition, the district will follow all laws and regulations in regards to the modernization process.

Equipment and Capital Expenditures Approval (Pleasant View Elementary)

EDReliefFunds <EDReliefFunds@cde.ca.gov> To: Mark Odsather <marko@pleasant-view.k12.ca.us> Fri, Apr 15, 2022 at 4:47 PM

Good afternoon Mark,

Thank you for the revised application and clarification on the points of confusion for us. Please see below for the approval for this request.

Dear Pleasant View Elementary School District,

Equipment and Capital Expenditures Approval

Pleasant View Classroom/ Expanded Learning Lab

The application for the use of Elementary and Secondary School Emergency Relief (ESSER) I Funds authorized by the Coronavirus Aid, Relief, and Economic Security (CARES) Act, ESSER II Funds authorized by the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, ESSER III Funds authorized by the American Rescue Plan (ARP) Act, Governor's Emergency Education Relief (GEER) I Funds authorized by the CARES Act, and/or GEER II Funds authorized by the CRRSA Act as designated by the application for capital expenditures with a unit cost of \$5,000 or more has met requirements and the use of funds for projects indicated in your application may be allowed as prescribed in the following guidance, for ESSER I Funds (https://www.cde.ca.gov/fg/cr/esser.asp), ESSER II Funds (https://www.cde.ca.gov/fg/cr/crrsa.asp), ESSER III Funds (https://www.cde.ca.gov/fg/cr/arpact.asp), GEER I Funds (https://www.cde.ca.gov/fg/cr/learningloss.asp), and/or the Expanded Learning Opportunities Grant (ELO-G) (https://www.cde.ca.gov/ls/he/hn/covidreliefgrants.asp).

Please be aware that all LEAs must ensure all federal and state procurement requirements are met. The pandemic is not considered a justification to exempt LEAs from following state and federal procurement requirements. State procurement requirements can be found in the California Public Contract Code, sections 20100 - 22178. Federal procurement requirements can be found in Title 2, Code of Federal Regulations, sections 200.317 - 327. LEAs should reference the state guidance found at: https://www.cde.ca.gov/fg/ac/co/bidthreshold2022.asp. Additionally, federal procurement guidance can be found on page 20 of the CDE's Federal Grants Fiscal Guidance located at: https://www.cde.ca.gov/fg/ac/ ff/documents/federalgrantsfiscalguidance.pdf.

Please note: The request to use ESSER III funds for this project describes an allowable use of ESSER III funds. However, unlike previous funding sources, ESSER III requires each district receiving funds to complete an Expenditure Plan with public input, describing how the LEA intends to use its ESSER III allocation. If this project is not already included in the LEA's ESSER III Expenditure Plan, you may wish to delay start of the project until the LEA revises the plan and has the project described in the plan discussed in advance with community partners and governing board.

Please note: This expenditure appears to be allowable, however, the burden is on the district to maintain documentation justifying that a less expensive option was explored/considered, especially in the event these funds are audited.

Construction (shade structures, portables)

Please note: For any construction projects, you must also comply with all construction requirements found on the CDE website.

The placement of new modular classrooms on a school site is subject to the requirements of Title 5 CCR Section 14030, and oversight by the Division of the State Architect (DSA). For information about DSA assistance during the COVID-19 pandemic for emergency school facilities, LEAs should refer to BU 20-01. New relocatable buildings and structures, including shade structures, may be temporarily installed for a maximum period up to three years in accordance with IR A-

1.16. Reconstruction or alteration projects to school buildings less than specified construction cost thresholds are exempt from DSA review, as described in IR A-22.

Construction projects are permitted, but LEAs must follow applicable federal construction regulations, such as safety and health standards (34 CRF 75.609), energy conservation (34 CRF 75.616), and Davis-Bacon prevailing wage rules. When requesting preapproval LEAs must provide documentation showing that the LEA is not able to meet the need arising from the health emergency in a more cost-effective or efficient manner, such as leasing property or improving property already owned and in use.

You should review all information regarding construction on the CDE's Capital Expenditure FAQs page, located at: https://www.cde.ca.gov/fg/cr/capexpfaqs.asp. [Quoted text hidden]

Pleasant View Elementary School District has met several times with staff, parents, students, community members and specialists in the mental health field on how best to use the expanded learning opportunities (ELO) funds to meet the needs of our students. These meetings consisted of explaining the goal and parameters of the use of the ELO funds. The next step was to get input from each group on ideas to provide the best supplemental support for all identified students in the area of academics, social emotional and physical well being, engagement and technology connectivity, how to identify students and their needs, how best to inform parents and how to report results of the implemented plan. The last step was to get input on the completed plan before taking it to the board. The major needs identified for Pleasant View's plan was in the area of providing intensive reading, writing and math intervention, more mental health and specialist support in the area of anxiety, depression, suicide prevention and social and communication skills, physical asfety, training for staff on best practices and homeless students, effective assessments in the area of academics and a screening for at risk youth. Another important area was building the technology, connectivity, afterschool programs, meeting the academic and social emotional needs of the students at a community hub (center) in conjunction with the non-profit that operates the community center and working with other community organizations that can help implement the plan. When developing the plan with all of the stakeholders, we took into consideration all the funds that were available, including the Elementary and Secondary School Emergency Relief (ESSER) funds available to the district to keep the supplemental instruction and supports in place after the 2021-22 school year. When prioritizing the list of needs for all Covid-19 funds from the state and federal governments, we did not take finances into consideration until afterwards, knowing that ESSER, LCAP and Federal program funds were also available to give the Pleasant View students the very best to meet their needs for intervention, acceleration, support and safety. All funding is being used to support all students in reducing learning loss, social emotional and physical well being, providing greater student engagement in academics affortises growing school staffing at levels required for interventions and student supports, maintaining safe and clean facilities as directed by the Catifornia Department of Public Health and ventilation opportunities, technology and connectivity, additional activities prioritized by our Covid-19 Stimulus. Expanded Learning Opportunities Grant Plan Instructions: Introduction The Expanded Learning Opportunities Grant Plan must be completed by school districts, county offices of education (COE), or charter schools, collectively referred to as LEAs, that receive Expanded Learning Opportunities (ELO) Grant funds under California Education Code (EC) Section 43521(b). The plan must be adopted by the local governing board or body of the LEA at a public meeting on or before June 1, 2021, and must be submitted to the county office of education, the California Department of Education, or the chartering authority within five days of adoption, as applicable. The plan must be updated to include the actual expenditures by December 1, 2024.	1. Expanded Learning Opportunity Program (ELOP)

Pleasant View Elementary 2022-23

Pleasant View has a vision for an Expanded Learning Opportunity Program (ELOP) that bridges the gap between school and community. In Conversations over the last few months our Educational Partners have all expressed the desire for a program that helps build connectedness in the community. Many of our parents and students have stated they feel isolated in their own community. Pleasant View is limited by its current design to meet the facility space needed. Pleasant View will use the ELOP money currently allocated to help with the construction of additional classrooms as well as a community center to house the ELOP program. The additional facilities will be open well beyond the school day and year round to provide additional learning opportunities to our students and their families. This community is excited about the possibilities of a program that brings people together. In addition Pleasant View will hire additional staff coordinate these activities year round. As well as increase additional classes in our CHOICES after school program

REQUIRES BOARD ACTION Due: Weds. March 15—return ballot in enclosed envelope

January 31, 2023 MEMORANDUM

To:	All Board Presidents and Superintendents — CSBA Member Boards
	Susan Markarian, CSBA President 2023 Ballot for CSBA Delegate Assembly — U.S. Postmark Deadline is Weds. March 15
Re.	

Enclosed is the ballot material for election to CSBA's Delegate Assembly from your region or subregion. It consists of: 1) the ballot (on red paper) listing the candidates, the reverse side of which contains the names of ALL current members of the Delegate Assembly from your region or subregion; and 2) the required candidate biographical sketch form and, if submitted, a resume. In addition, provided is a copy of the ballot on white paper to include with your board agenda. Only the ballot on red paper is to be completed and returned to CSBA. It must be postmarked by the U.S. Post Office on or before Wednesday, March 15, 2023.

Your Board may vote for up to the number of seats to be filled in the region or subregion as indicated on the ballot. For example, if there are three seats up for election, the Board may vote for up to three candidates. However, your Board may cast no more than one vote for any one candidate. The ballot also contains a provision for write-in candidates; their name and district must be clearly printed in the space provided.

The ballot must be signed by the Superintendent or Board Clerk and returned in the enclosed envelope; if the envelope is misplaced, you may use your district's stationery. Please write **DELEGATE ELECTION** prominently on the envelope along with the region or subregion number on the bottom left corner of the envelope (this number appears at the top of the ballot). If there is a tie vote, a run-off election will be held. Results will be published by May 11, 2023.

All re-elected and newly elected Delegates will serve two-year terms beginning April 1, 2023 – March 31, 2025. The next meeting of the Delegate Assembly takes place on Saturday, May 20 and Sunday, May 21, 2023. Please do not hesitate to contact the Executive Office at <u>nominations@csba.org</u> should you have any questions.

Encs: Ballot on red paper and watermarked "copy" of ballot on white paper List of all current Delegates on reverse side of ballot Candidate(s)' required Biographical Sketch Forms and optional resumes CSBA-addressed envelope to send back ballots This complete, ORIGINAL Ballot must be SIGNED by the Superintendent or Board Clerk and returned in the enclosed envelope postmarked by the post office no later than WEDNESDAY, MARCH 15, 2023. Only ONE Ballot per Board. Be sure to mark your vote "X" in the box. A PARTIAL, UNSIGNED, PHOTOCOPIED, OR LATE BALLOT WILL NOT BE VALID.

IN THE MATTER OF THE SALE OF PERSONAL PROPERTY RESOLUTION NO.

RESOLUTION AUTHORIZING SALE OF PERSONAL PROPERTY N

2-23

WHEREAS, Pleasant View Elementary School District ("District") desires to sell personal property described as five (5) portable classroom buildings ("Portables"), that are currently located on the site of its Pleasant View Elementary School campus; and

)

)

))

WHEREAS, the Portables are no longer needed and their removal from the site is required in order to accommodate the construction of new classrooms; and

WHEREAS, the Portables are not required for school purposes pursuant to Education Code section 17545 et seq.; and

WHEREAS, the Board hereby finds that it is in the best interests of the District to sell the Portables; and

WHEREAS, pursuant to Education Code section 17545, the Board may authorize the sale of personal property to the highest responsible bidder or at a public auction conducted by District employees or conducted by contract with a private auction firm after notice of the sale has been given, by posting in at least three public places in the District for not less than two weeks, or by publication for at least once a week for a period of not less than two weeks in a newspaper published in the District and having a general circulation there; and

WHEREAS, to the extent the District receives appropriate bids and is able to sell the Portables to another party, it desires to do so pursuant to a purchase and sale agreement such that the Portables are sold in "AS-IS" condition and the District assumes no liability in such sale.

NOW THEREFORE, BE IT RESOLVED that the Board of Trustees of the Pleasant View Elementary School District hereby finds, determines and orders as follows:

1. The foregoing recitals are adopted as true and correct and the Board so finds and determines, and incorporates the same herein by this reference. Specifically, the Board hereby finds that (i), the Portables are not required for school purposes pursuant to Education Code section 17545 et. seq., and (ii) it is in the best interests of the District to sell the Portables.

2. The Superintendent of the District or his designee (each, an "Authorized Representative") is hereby authorized to provide notice of the sale by posting in at least three public places in the District for not less than two weeks, or by publication for at least once a week for a period of not less than two weeks in a newspaper published in the District and having a general circulation there.

3. Each Authorized Representative is authorized to direct the sale of the Portables by means of soliciting bids or by means of a public auction as authorized by the Education Code.

4. Each Authorized Representative is further authorized and directed to do any and all things and to execute any and all documents which they deem necessary or advisable in order to carry out, give effect to, or comply with the terms and intent of this Resolution.

5. This Resolution shall take effect immediately upon its adoption.

GUIDELINES GOVERNING TRAVEL AND EXPENSE REIMBURSEMENT

We are obliged, however, to spend Pleasant View funds as prudently as possible, and in order to do this, Pleasant View has developed the following guidelines to govern travel and expenses. Your understanding of the expenditure of Pleasant View funds for these purposes is deeply appreciated.

1. AIR TRAVEL

Travelers should have arranged for the most economical airfare available consistent with circumstances. The district will pay up to coach fare only, using the guaranteed lowest published fare. All receipts and ticket stubs must be attached. <u>If airfare was expected to exceed \$650, travelers were asked to notify</u> <u>District Office before making reservations.</u>

2. AUTOMOBILE

The District will reimburse travelers at the current IRS rate per mile <u>for the actual number of miles</u> <u>driven</u>. The total amount of the mileage should not exceed the cost of coach fare.

3. HOTEL

Rate for single occupancy will be paid. Amount over the single occupancy rate will not be paid. Generally, a one-day meeting will be assumed to require one night's lodging only. The district can reimburse only for the time spent directly on school business. If a person arrives in a city earlier or leaves later than is necessary for the assignment, it will be assumed that the expenses incurred are for personal reasons and are not reimbursable.

4. MEALS

Expenses for meals will be reimbursed with a meal Per diem. The following individual meal rates should be used for meals not furnished by the event (\$15 for breakfast, \$20 for lunch, \$30 for dinner). Receipts are not required for these meals.

5. TAXIS, SHUTTLES, BUSES, AND PARKING

Usual charges for these services will be reimbursed; however, any unusual expenses should be explained. All of these services require receipts.

6. PERSONAL EXPENDITURES

Neither reimbursement claims or direct vendor payments should include items of a personal nature such as: WIFI, Inflight entertainment, Personal phone calls, Alcoholic beverages, Video rentals or tickets to movies or sporting events, Purchases of clothing or other personal items.

7. YOUR EXPENSE VOUCHER CANNOT BE PROCESSED UNLESS IT IS SIGNED BY YOU. RECEIPTS FOR EXPENSES MUST BE ATTACHED. (EXCEPT MEALS AND TIPS)

If there is any question about any expenditure made on behalf of the trip, please call district staff to discuss the justification of the claim. If there is any substantial sum involved, it is always desirable that the expenditures be reviewed in advance with district staff.
